AUSTRALIA AS COTTON RIVAL OF AMERICA

Melbourne, Aug. 22.—Under the capitalist system Australia is supporting twice as many people as it did 100 years ago, according to Prime Minister Hughes who in a recent survey of the condition of the Commonwealth prophesied that 100 years from today Australia's 5,500,000 inhabitants will have swelled to 100,000,000.

"Australia is the greatest food producing country in the world," said Mr. Hughes, "and its agricultural possibilities in certain fields are barely started."

As an instance Mr. Hughes mentioned that Australia was suited for growing a very fine cotton, with a superior staple to that of American cotton, and he pointed out that Australia had available an area for the culture of this crop in excess of the area devoted to it in America.

SHE HAS RAISED A FAMILY OF TEN

Dr. Fowler's EXTRACT OF WILDSTRAWBERRY NEVER FAILED HER

Mrs. Ervin W. Stairs, East Waterville, N. B., writes:—"I have raised a family of ten children and have always used Dr. Fowler's Extract of Wild Strawberry for summer complaint, and it has never failed."

Four years ago, when the cholera was about, some of my neighbors called in the doctor, but could get no relief. I told them about "Dr. Fowler's" and after taking it they were soon well again. I also used it for two of my own children at the same time when they were passing blood, and a few doses soon made them well."

If you want to be on the safe side ask for Dr. Fowler's Extract of Wild Strawberry, and insist on getting what you ask for. There are many imitations on the market, so be sure and get the original "Dr. Fowler's" price, 60c. a bottle, put up only by The T. Milburn Co., Limited, Toronto, Ont.

ACCUSED OF POURING HOT WATER ON WIFE

Children Say Father Did It When He Found Only Pie For Supper—He Is Held Without Bail.

New York, Aug. 22.—After eluding the police for six days, Chester Blaszkiewicz, a laborer, of 12 Blanco Place, Jamaica, was arrested and arraigned in custody by the Queensboro Society for the Prevention of Cruelty to Children. The children told the police that their father demanded a meal last Monday night. The mother, not feeling well, was lying on a couch. Charles, the youngest of the children, said he told his father there was some pie in the house, but nothing else. Blaszkiewicz then took the kettle of water, which was boiling on the stove, the children say, and poured it over their mother's face, shoulders and chest.

On Wednesday her husband called at the hospital and demanded her release. He was told she was in a weak condition and needed much care. He replied she would get that care and would be taken home in an automobile. The hospital authorities at that time did not know that the police were looking for Blaszkiewicz. The woman was released and it was later learned that she was not taken home, two miles from the hospital, in an automobile, but was forced to walk that distance.

Mrs. Blaszkiewicz became worse and on Friday was again taken to the hospital. Toxic pneumonia has developed, it was said at the hospital, and her condition is extremely critical.

The police say they learned from a relative of the man that two years ago he served a term of six months in a jail in Newark, N. J., for being habitually drunk, and some years ago was sentenced to a six-year term in Norwalk, Conn., for threatening to shoot a policeman who arrested him for abusing his wife. He has been out of work for months, the police learned, and his wife, working in a restaurant, has been supporting the family. They have been married fifteen years.

without bail for examination Monday. In court the prisoner said he did not know the water was hot.

The three children of the couple, Stanley, thirteen; Michael, eleven, and Charles, nine, yesterday were taken into custody by the Queensboro Society for the Prevention of Cruelty to Children.

Let the Compound Help You

The critical time of a woman's life usually comes between the years of 45 and 50, and is often beset with annoying symptoms such as nervousness, irritability, melancholia. Heat flashes or waves of heat appear to pass over the body, cause the face to be very red and often bring on headache, dizziness and a sense of suffocation.

Another annoying symptom which comes at this time is an inability to recall names, dates or other small facts. This is liable to make a woman lose confidence in herself. She becomes nervous, avoids meeting strangers and dreads to go out alone.

Lydia E. Pinkham's Vegetable Compound is especially adapted to help women at this time. It exercises a restorative influence, tones and strengthens the system, and assists nature in the long weeks and months covering this period. Let it help carry you through this time of life. It is a splendid medicine for the middle-aged woman. It is prepared from medicinal roots and herbs and contains no harmful drugs or narcotics.

Queer Feelings at Middle Age
Sheboygan, Wisconsin—"I was run-down, tired and nervous. I could not even do my own housework. I could not sleep at night and all kinds of queer thoughts would come to me. Finally, I gave up going to the doctor and a friend told me of Lydia E. Pinkham's Vegetable Compound. After the first bottle I could sleep better and I have kept on improving ever since." Mrs. B. LANSER, 1639 N. 3rd St., Sheboygan, Wisconsin.

Knightsbridge, Ontario.—"I took Lydia E. Pinkham's Vegetable Compound at the Change of Life for troubles women often have at that time. I had not been well for a year and was not really able to do my work. A friend who had taken the Vegetable Compound told me of it. I took it and I am now well and happy." Mrs. Lydia E. Pinkham's Private Text-Book upon "Allments Peculiar to Women" will be sent you free upon request. Write to the Lydia E. Pinkham Medicine Co., Lynn, Massachusetts. This book contains valuable information.

This Leaves The Arms Free From Hairy Growths

(Toilet Talks.)

A simple method for completely removing every trace of hair or fuzz is here given. This is painless and usually a single treatment will banish even stubborn growths. To remove hairs, make a thick paste with some powdered talcum and after about two minutes rub off, wash the skin and the hairs are gone. This method will not mar the skin, but to avoid disappointment, be certain you get talcum.
