

EIGHT NATIONS IN PAGEANT

Great Powers of World Unite to Honor Memory of Hudson and Fulton at New York.

Special Services in Historic Churches Was a Feature of Yesterday's Observance.

New York, N. Y., Sept. 26.—The salaried men of eight nations, England, Germany, France, Italy, Holland, Mexico, Argentina and the United States, wandered along the streets of New York today, mingling with visitors from north, south, east and west in the first day of rest after the brilliant beginning of the Hudson-Fulton celebration yesterday.

Beginning at noon, Riverside Drive, a vantage point affording a magnificent view of the anchored armada of battleships, began to fill up rapidly and at three o'clock was again uncomfortably crowded, although there was no organized naval parade today.

The Half Moon and the Clermont lay quietly at their anchorages, where they will remain until the naval parade of Friday, October 1, when these little pioneers, escorted by light dragoon warships and followed by the merchant fleet again will sail up-stream to Newburgh where they will be turned over to the Albany up-state division of the celebration.

But circling about the fleet of battleships today, there was an almost unbroken line of deep-sea excursion steamers jammed to the rafters as they were yesterday and listing heavily to one side with the pressure of the crowds. At the same time a scurrying flotilla of motor boats was bobbing about on the roughened waters of the river, carrying visitors to and from those battleships which were receiving for the day.

American officers spoke today of the splendid appearance today of the British flag ship Inflexible, whose illumination last night was conspicuously brilliant. Spic and span in her new paint and dressed in every detail in white awning, her graceful lines of speed and power combined were more remarked today than those of any other ship on the river.

Special Hudson-Fulton services were conducted in all the churches. Forms of prayer prescribed for the occasion by Bishop Greer of the Episcopal church and by Archbishop Farley of the Roman Catholic church were read in every parish of their dioceses. Many who could not get into Old Trinity crowded the church yard to view the arched grave of Robert Fulton.

Among them were officers of our younger fighting fleets. At historic St. Paul's chapel, the Rev. W. Montague Greer asked, "Is God a man of war?" and answered most emphatically "He most certainly is."

At the middle collegiate Dutch Reformed Church specially invited members of the congregations of every denomination of the Dutch cruiser Utrecht, the General Leonard Wood, U. S. A., commanding the department of the East, and R. Van Rees, treasurer of the Hudson-Fulton celebration committee of the Netherlands.

Will Leave \$25,000,000. Twenty-five million dollars is the sum in round figures competent authorities estimate that out-of-town visitors will leave in town. Hotel proprietors familiar with the general situation set 600,000 for the number of guests now housed under their roofs, and in more modest lodgings houses and even in single rooms in flats let out by the week by their thrifty tenants, it seems safe to say there are 400,000 more. Allowing for possible exaggeration, it seems safe to estimate the entire out-of-town crowd at between 600,000 and 1,000,000.

HALIFAX FAIR WAS OPENED ON SATURDAY

Many Departures From Previous Customs—No Vaudeville This Year Judge Longley Presides.

NEW BRUNSWICK WELL REPRESENTED.

Special to The Standard. Halifax, N. S., Sept. 26.—Glorious sunshine and balmy weather smiled on the Provincial Exhibition Saturday. The time-honored system of a formal opening in front of the grand stand was departed from and the ceremonies in this connection took place in the administration building and at the conclusion a luncheon was served, at which representative clergymen of the different denominations were invited and at which, besides others, were E. Tiffin and F. P. Brady, of the Government's railway management board, and Mr. Adamson of St. Kitts, British West Indies.

No Vaudeville. The exhibition this year starts out on new lines in its amusements features. The vaudeville features have been eliminated and grand stand audiences will see no high diving, no thrilling acts of any kind, and no burlesque. There will be no night performance. The attendance was nearly 4,000, very good for an opening day, and probably larger than was ever at such an occasion.

Justice Longley Presides. Mr. Justice Longley presided at the opening in the administration building. Near him were Governor Fraser, Senators Ross and Mackenzie, Hon. C. P. Chisholm, E. A. MacDonald, M. P.; Mayor Chisholm, of Halifax, and Mayor Notting of Dartmouth; Messrs. Tiffin and Brady, Rev. Messrs. Newcombe, MacMillan, D. B. Hemon, and Penoyer, members of the city council and of the legislature for this county and members of the executive commission. New Brunswick is well represented in the live stock buildings, there being some fine horses, cattle and sheep from the sister Province. B. Goodwin of Westville, N. B., has the exhibit of Oxford Downs and Leicester sheep. H. C. Jewett has six fine horses, mostly Clydes.

EARTH'S CRUST FAILS TO PEEL FOR ROLLERS

Time Set For End Of World By Prophets Of Sect Passes Without Anything Untoward Other Than A Rainfall.

SERVICES STILL BEING CONTINUED.

Duxbury, Mass., Sept. 26.—The time set for the end of the world as revealed in visions to some of the more radical of the Triune immersionists who have gathered at Ashdod for the past few days, has passed and tonight at the little chapel of the faithful, a service of prayer and song was held to ask the counsel of God and to await His revelation. Dozens of the faithful have given up all hope of the great glorification at the present time and have gone to their homes, but others have arrived to take their places. Mark B. Radcliffe, leader of the sect in Yonkers, N. Y., said that a large number of the faithful are expected to arrive tomorrow and that by that time there should be about 150 people.

Services Continued. Rain fell heavily throughout the day, but had apparently little effect on the exercises of the little band. Religious services were held in the chapel and here say sat Harry Whitney, the New Haven hunter, back to civilization, left Indian Harbor yesterday morning for St. John's. He said he would not call at Battle Harbor. It is expected that the Jeanie will arrive here Wednesday.

All those attending the plenary council, consisting of the archbishops and bishops, and members of the council, were present in the sanctuary. The sermon of the occasion was delivered by the Rt. Rev. His Lordship took for his text: "I have chosen you and appointed you that you should go and bring forth fruit, and that your fruit should remain." John xiv, 16.

All history, said His Lordship, with divine tradition agrees that these creative words of the Lord God to the Apostles who were chosen as the governors of His Church. No one can be a Christian and pretend that these words are vain. There must, therefore, still exist a body of men vested with this divine mission to teach the nation, as in fact there is one such body—the Episcopate of the Catholic Church united with the Bishop of Rome, the See of Peter.

ENTRANCE OF ENGLISH FLEET STIRS NEW YORK

Four British Cruisers Arrive In New York To Take Part In Celebration—Excite The Greatest Admiration.

Entrance of British Fleet. The English fleet of great gray armored cruisers were sighted coming through the Ambrose Channel less than two hours later. They were led by the Inflexible of 17,250 tons, with the flag of Sir Edward Seymour, admiral of the fleet, whipping at the main track. There followed the Drake of 14,000 tons, bearing the flag of Rear Admiral Frederick T. Hamilton, C. V. O.; the Duke of Edinburgh, 13,550 tons, captain, the Hon. R. F. Boyle M. V. O., and last the Argyle, 10,850 tons, under command of Captain C. F. Lambert.

The long lean "Dreadnaught cruiser" as the Inflexible is termed by the British, with her eight 12 inch guns, armored sides and speed of twenty-five and a half knots, driving at half speed up the harbor was a sight not duplicated in the entrance of any ships of the cruiser class. Nearly the whole of her complement of more than seven hundred men seemed to be massed along her sides and they came to attention, a line of white in their working clothes as the Presidente Sarmiento again belched out an international salute.
