Alcura stops the craving for drink, builds up the system, ateadies the nerves. It is guaranteed to cure or benefit or money refunded after a fair trial. Alcura No. 1 can be given secretly by any wife or mother wanting to restore a dear one to health and usefulness. Alcura No. 2 is the voluntary treatment.

BEAVER

BOARD

WINTER TIME

¶ Winter time is just the right season for building your walls and ceilings.

¶ If your new home is ready for walls and ceilings or if you have some remodeling to do, don't wait for spring to plaster, but use Beaver Board right now.

Beaver Board takes the place of lath and plaster and can be put up in winter. It is applied with hammer and nails directly to the studding and joists; no long drying-out process—it may be decorated at once with durable artistic paints, oil or water color, and the house can be occupied immediately.

¶ Beaver Board will not crack and never needs replacing. It makes a house warmer in winter and cooler in summer. It is used for every class of building, home, store, office, etc.; for finishing off attics into comfortable rooms; for making two rooms out of one—wherever you want durable, artistic, sanitary walls and ceilings.

¶ We will show you how you can use Beaver Board for your building or remodeling.
