Will You Come and See the New Styles?

IN THE NEW FURS AT H. MONT JONES'

The model coats and sets we are showing are happy combinations of smart styles and utility; where two furs are employed in one garment the contrast is lovely and in perfect taste; and prices are amazing small even in the face of prevailing war prices.

And you can apply attractiveness to the styles—the exclusiveness—the quality—the values—the prices—and any other point in your own good judgment you wish to.

We invite a visit for comparison, inspection and criticism, if you will.

No person could desire a more palatable, smooth or more delicious Scotch than this same old, old favorite. Its first users are with it today.

OBITUARY.

Donald A. McDonald.
Barton, N. B., Sept. 13.—Mr. Donald A. McDonald, one of our highly respected

citizens, passed away yesterday afternoon after a brief illness of kidney trouble. Mr. McDonald was born at Wallace, N. S., nearly fifty-nine years ago and lived with his parents at Picton Landing, N. S., some years. His

GOOD WORK OF RED CROSS MERITS GENEROUS HELP OF ST. JOHN PEOPLE

Society's appeal for funds should strike responsive chord in hearts of all patriotic persons.

As has already been stated the members of the local branch of the Red Cross Society are instituting a campaign to raise funds to carry on the work of the organization in the city. It does not seem necessary to point out the very obvious fact that whatever department in war relief work may lapse for want of public support, it cannot be Red Cross work. Roughly estimating, there are at least ten thousand beds in various hospitals in England and France, depending on the Canadian Red Cross for their general upkeep. The money asked for in this campaign will be spent on such supplies as are required in these hospitals—all kind of surgical supplies, clothing for the patients, equipment for the beds and for the wards, food, things to amuse the convalescents, anything in fact that can by its usefulness to a wounded man, express the gratitude that is his just due.

The members of the financial board of the Red Cross—all business men as in their estimation will not only be deeply interested in the effort for its general good, but who are men and women who are financially able to support this movement, and who need only to have it placed before them to give it a hearty endorsement.

At a meeting held on Tuesday afternoon in the Red Cross depot, a number of collectors were chosen for the work; these ladies are given a card which, during the next ten days or so, they will present to those citizens whose names were selected, and will ask that a subscription of \$2 a month be given for the work of the Red Cross. The manner of payment rests entirely with the individual—If a man wishes to give the sum of \$24 at once, and by that means be entirely freed from any further visits of the collector, there is not the slightest reason why he should not adopt that method. If, on the other hand, it is more convenient for him to wish to have the collector call once a month, that is also the very way the collector will find most suited to her own convenience. At all events the sum asked for is by no means a large one and will not be a source of embarrassment to any one who may be approached by the collectors. It should, however, be borne in mind, that recognizing the many demands made by the war situation will be courteously received, but it is confidently expected that no one will refuse the Red Cross collector, on whose success depends the actual comfort of wounded and sick Canadian soldiers during the ensuing winter. As has already been pointed out, the larger amount of money devoted to the local Red Cross is spent in St. John and is an important factor in the "business as usual" campaign that is regarded so important by many. The opportunity is now before the public which doubtless will show its appreciation of the man who is fighting for Canada by a generous response to this appeal.

parents were Mr. and Mrs. Allen McDonald. He came here when a young man and married Miss Elizabeth Jardine, daughter of the late Mr. and Mrs. Thomas Jardine of Jardineville, who with eight children survives. Mr. McDonald also leaves two brothers, John M. of St. John West, and James D. of Boston, and a sister, Miss Annie of Boston. Mr. McDonald's children are: T. Jardine in the trenches in France; Donald Grant, Miss Agnes, who is a teacher and William, David, Janet, Barbara and Elizabeth.

GRANT LEAVE TO MINISTER WHO ENLISTED

Presbytery does not accept resignation of Rev. Dr. Harrison—Much routine business.

The quarterly meeting of the Presbytery took place yesterday in St. Andrew's church. Rev. G. G. Squire asked for admission to the church and the General Assembly will be asked to accede to his request.

All the minutes of Presbyteries are to be collected as far as possible and placed in the vaults at Pine Hill College and the college librarian will be the guardian.

The parish of Andover had called Mr. Richmond but will wait till spring when he is ordained. Rev. Mr. Pringle will supply in the meantime.

From the church at St. Martins it was reported that the congregation would have no difficulty in raising \$500 to pay for a pastor all the year, and it was said that there would be plenty of opportunity for work in this church, as what it needed was organization, and an ordained minister was necessary.

Seconded that Rev. Mr. Anderson of St. John's Presbyterian church, St. John, be made moderator for St. Martins.

Capt. Harrison

The request of Rev. Dr. Harrison of St. George that his resignation be accepted, to take effect on October 31, was discussed. In connection with this the following letter from Dr. Harrison's congregation was read:

Presbyterian Church, St. George, N. B., Sept. 12, 1915.
To the Rev. the Presbytery of St. John:

It was with feelings of deep regret that we heard of the resignation of our pastorate, Dr. Harrison. As it is inconvenient for us to send representatives to the Presbytery, we have taken the liberty of expressing our views by letter.

In taking a retrospective view of Dr. Harrison's pastorate of two years among us, we take pleasure in calling to mind the beautiful sermons, his genial and pleasing personality, his pastoral work in helping the young and visiting the sick and comforting the sorrowing. We can also report a growth in our church from a numerical and financial, and we trust, a spiritual standpoint.

As our pastor feels that he is called to take part in the terrible "Euro War," having accepted the position of chaplain of the 64th Battalion, we, the congregation of St. George, Pennfield, and Ilocaboc, would respectfully request your reverend court, instead of accepting his resignation, to grant him a year's leave of absence, our church, in the meantime, to be supplied with another minister.

Trusting this arrangement will meet with your approval, and also that Dr. Harrison will consent to it, we are,

Yours truly,

Hector McKenzie, chairman.
John McDougall, secretary.

It was decided to accept this letter, and so, instead of the resignation of Capt. Harrison being accepted, he was granted one year's leave of absence, to be extended if the war still continues at the end of that time.

A communication from Fort Kent was read, stating that the congregation there can raise \$80 for Mr. Harrison's salary, and the remaining \$150, to be supplied by the Presbytery. It was decided to do this.

The next matter discussed was the request of W. S. Irvine for a certificate. He has done good work in several places, and now he wishes to go west, and would like to have a recommendation to take with him. The regular Presbytery certificate has been sent to him.

The next was the request of the Westfield Presbyterian church for help to pay their debt for the building of the church. It was estimated at the start that the building would cost about \$1,500, but up to the present, on account of several unforeseen matters arising, it has cost well on to \$1,800, and the minister's study and other parts have not been finished. The congregation has subscriptions pledged to the amount of \$140, and it was decided that if the church itself would raise \$150, the Presbytery would provide the same sum, to be paid half from the Manse and Building Fund, and half from the Wylie Fund, and then the church would be free from debt.

It was decided that at the meeting in December all the ministers would stay in St. John over Sunday, to attend a big public meeting in one of the Presbyterian churches in St. John.

At the afternoon session there was a visiting minister, Rev. G. G. Trainor of Ottawa, who was extended the courtesies of the Presbytery. He said that he was glad to meet the men of St. John, as he had always had a warm feeling towards this section of Canada, one of his warmest friends being Dr. James Murray of Ottawa, a former New Brunswick man.

The Presbytery then adjourned to meet again on the second Tuesday in December.

Every dealer, manufacturer, wholesaler, retailer, can give from his stock to the patriotic auction.

WOMEN OF CANADA ASKED TO GIVE MEN TO COUNTRY

Mrs. Netta B. Brown urges women of St. John to make no objection to their men enlisting—Great sacrifice necessary.

Mrs. Netta B. Brown, of Montreal, addressed a large and representative gathering of St. John women at the Imperial Theatre yesterday afternoon. Col. E. T. Sturdee presided and with a few brief remarks introduced the speaker.

Mrs. Brown said in part: "Women of St. John, we are called upon today to face, and we ought to face, the call of our Empire, the land we love. I am speaking to you as a woman, a mother, one who has given those near and dear, and who is prepared to give herself to the cause. I ask you to all join hands with me and form a circle and do your part, as women have always done and do it unflinchingly to the end, by lending your influence, and not holding back by word or act any man who is willing to offer his services to our country."

"The great need of the Empire today is men, men and more men. There is no need for any physically fit man to hold back. Every man who offers can be equipped."

"We have our part to play, we are called upon to give our men, freshly, unselfishly. We are called upon to make the supreme sacrifice. Women are courageous, they have shown all down through the ages that they know how to sacrifice, and it takes a lot of sacrifice to take a man from the seat of war, and I think many of us do not realize its enormity. I have heard it asked, How will it effect us if Germany wins?"

"You and I are not only called upon to give flesh of our flesh, but to buckle on the armour and bid our men go. 'We are a long way from the seat of war, and I think many of us do not realize its enormity. I have heard it asked, How will it effect us if Germany wins?'"

Men Must Go.

"We must give our men in this great national crisis, and must keep on giving them until Germany is driven back and beaten to her knees. I know what the sacrifice means. I know all about the parting, all about the heartbreak, I have had all the anxiety."

"You and I are not only called upon to give flesh of our flesh, but to buckle on the armour and bid our men go. 'We are a long way from the seat of war, and I think many of us do not realize its enormity. I have heard it asked, How will it effect us if Germany wins?'"

Germany's Needs.

"I would like to remind you that Germany needs colonies, that is what she is fighting for. Her very existence depends on her colonies, and she has none. I tell you Germany wants Canada, this is the only great piece of land that she has any hope of getting. Do you want to be under the German rule? What have they done to Belgium and Poland in history. Are we as safe as we would like to think? Decidedly not! If the Germans succeed in beating through the British lines at any point, I say 'God help Canada.' And because we do not want to have our country invaded we must keep on sending our men over there to drive them back, until they are beaten and crushed. And our men are not going to forget the atrocities, heaped on the people by our enemies, they will have revenge."

The End Not Yet.

"Germany is not yet crushed and until she is not one jot of the territory she has already gained will be given up. If you lived in Germany you would not have the chance to send your son or husband, he would be taken, and would have to go. If you had all the millions of Rockefeller you couldn't buy your boy back again, he would have to bear arms and would have revenge."

ONE LENDS HIS CAR, OTHERS GIVE TIME TO \$50,000 AUCTION

Two incidents giving idea of how committee workers are being encouraged—No cash to be solicited, only goods.

Two striking instances yesterday showed the encouraging interest which is being aroused towards the Patriotic Auction to be held in aid of the Patriotic Fund in St. Andrew's rink, October 4 to 9. Early in the day one who is not a resident of the city, J. W. Meyers, of Rotheray, called at the office of the executive, 181 Prince William street, and said to H. A. Porter, manager, "I see no reason why you shouldn't have my auto next week to use in your canvass. It's at your disposal if you want it." Needless to say, the offer was acknowledged, and Mr. Meyers said further that he would be glad to go himself and drive the car, will be?

In order to give as much aid as possible to the movement. Coming from one who is not a resident of the city, the offer is all the more appreciated. There have been many similar offers from local owners of automobiles, and there is no fear but that by Monday next more than sufficient cars will be available for use in going out into the country, district asking donations of goods for the auction.

The other incident referred to, pertained to three commercial travellers for a well known local business house. They will not be going on the road again for a few weeks, and called to state that if their firm was willing, they would be pleased to aid the committees in canvassing or otherwise. On being told that their services could be advantageously used, they went back to arrange with their firm for giving their time and labor in the interests of the auction.

Such a spirit as manifested here shows how the people are greeting this great endeavor to swell the Patriotic Fund by \$50,000 and it is thoroughly the belief of the promoters that next week when the canvas is in full swing, the donations made will be as generous and liberal as befits the hugeness of the movement. No cash gifts are to be solicited. The scheme is to secure as large quantities of goods as possible, to have them delivered after Sept. 27, and then to have them sold during auction week, and the moneys devoted to the Patriotic Fund. Have you decided yet what your donation will be?

How Any Woman Can Remove Hair Growths

(Beauty Culture.)

It is no longer necessary for a woman to visit a beauty specialist to have superfluous hairs removed, for, with the aid of a plain delicate paste, she can, in the privacy of her own home, remove even a stubborn growth in a very few minutes. The paste is made by mixing some water with a little powdered delatone. This is applied to the hairs and after 2 or 3 minutes removed and the skin washed, when it will be left clear and hairless. Be sure you buy real delatone.

How to Absorb an Unlovely Complexion

The face which is admired for its beauty must have a satin-smooth skin, pink and white and youthful looking. The only thing I know of that can make such a complexion out of an aged, faded, or discolored one—I mean a natural, not a painted, complexion—is ordinary mercuric wash. This remarkable substance literally absorbs the unsightly cuticle a little each day, the clear, healthy, girlish skin beneath gradually peeping out until within a week or so it is wholly in evidence. Of course such blemishes as freckles, moth patches, liver spots, blotches and pimples are discarded with the old skin. If you will procure an ounce of mercuric wash at the drug store, use like cold cream every night, washing this off mornings, you'll find it a veritable wonder-worker.

Another valuable natural treatment is a wash lotion to remove wrinkles which can be easily prepared. Dissolve 1 oz. powdered magnesia in 4 pt. witch hazel. Rub the face in this and you'll find it works like magic.—Fannie Moore in Town Talk.
