A programme of water sports, arranged by Joseph MoNamara, was held in the Y. M. C. I. last evening. The boys show great interest in any sport and this one particularly was interesting. Mr. McNamara, the instructor, can certainly "keep the boys moving" in this line, as in all others. The following is the programme and winners of each event:

For a period of four years I have served the electors of the city of St.

John as commissioner. Again I offer myself for re-election and solicit your support. During my four years of offee St. John has taken a high place among the Empire ports and the harbor has been my clief interest. I have given my best effort to this department and I appeal for your support at the forthcoming elections backed by any record of service.

When I first offered myself as commissioner I pledged the electors to do all in my power.

The next two years promise to be a testing period for every city in Canda and St. John requires men at the head of civic affairs who have stood the test of service. No other test is equal to this one in any public office. John:

Ladies and Gentlemen, — Having already announced my candidature for City Commissioner it but remains to make this formal intimation.

May I be pardoned for suggesting that my years at the Council Board, preceded by a life time of business experience, might reasonably be expected to provide a fairly reliable knowledge of Civic and Municipal matters.

During the critical period ahead for the Civic Government, while the war is creating new conditions and difficulties, I am desirous of bearing my burden of citizenship.

Soliciting your support at the forth coming election, I am.

Yours respectfully,
