Chamberlain Has An Eye On Business

Austen Thinks Britain Should Keep Up Mad Race

Labor Leader in Parliament Declares His Party Will Vote Against Any Bill to Increase Army and Navy—Austrian Prosecution of C. P. R. Hits Poor Emigrants Hard.

London, Nov. 20.—Proposing a toast to the navy and army at a dinner last night at Birmingham, Austen Chamberlain said he was not surprised to learn that a meeting was being called in London to urge upon the ministers and the nation the necessity of strict economy in national resources. He was not surprised that with darker times looming ahead, people should think to check the growth of expenditure, but he observed with regret that the brunt of the attack was to be directed against the two fighting forces.

Proceeding to refer to the Balkan troubles, Mr. Chamberlain paid a tribute to the diplomacy of Sir Edward Grey, but although the maintenance of peace had been assured, there had been no sign of any feeling of security that would justify a curtailment in naval and military effort and expenditure. Everywhere outside of Great Britain defenses were being greatly increased, and Britain could not afford to lag behind.

At about the same time Mr. Chamberlain was speaking, Philip Snowden, the labor leader, declared on behalf of the labor party of the commons that every vote would be cast against the government's armament bill next session. He knew nothing more insidious to the people's intelligence, he said, than Lloyd George's and Churchill's recent speeches on armaments.

TO DODGE BRITISH INCOME TAX.

In order to avoid the British income tax the directors of the Butlers Salvador Mines Company, owning gold mines in Salvador, propose to reconstruct their concern as a Canadian company. Big dividends have been paid in the past and the shareholders not residing in England object to the payment of the income tax on the whole of their profits. By registration in Canada this can be avoided, though the dividends payable to English shareholders will still be liable to the tax.

BIG INCREASE IN CRIMINAL CASES.

Opening the Manchester Assizes today Mr. Justice Avey commented on the fact that the calendar contained sixty-eight cases, including four indictments for murder and two for manslaughter, and declared his intention of discouraging magistrates from sending to the assizes cases that could be dealt with at the quarter sessions. This is the second north of England assizes showing a heavy calendar, a judge in the city of Durham having recently commented on the increase of serious crime in that city.

AUSTRIAN PERSECUTION OF C. P. R. HITS OTHERS.

One grievance in connection with the arbitrary closing of the Canadian Pacific railway offices at the seizure of a number of prepaid passage orders for both Russians and Austrians which had been arranged by friends in Canada. These always require time to arrange, and in many cases the intending emigrants had already left Russia for Trieste and are now stranded in Austria, without means to go either forward or back. Although the government has no claim to them they still retain the passage orders and other documents, but

DOCTORS AFRAID TO OPERATE

Could Not Remove Stone from the Bladder—Gin Pills Enabled Him to Pass It

"During August last, I went to Montreal for consult a specialist as I had been suffering terribly with Stone in the Bladder. He decided on an operation and was assisted by another doctor. They said the calculus was larger than a bean and too hard to crush, and that they could not take it out. I returned home suffering greatly, and was not able to perform my duty. I was recommended by a friend to try GIN PILLS. I bought a box and found relief from the pain at once. I took a second and third box of GIN PILLS after which I went back to the specialist."

"He told me the calculus was reduced in size, still he could not remove it, although he tried for two and a half hours. I returned home and continued to take GIN PILLS. They relieved the pain very much, but I did not expect they would relieve me of the stone, but to my great joy, I passed the stone on October 3rd, and am now a well man and very happy."

"I am sending the stone to you so that you can see for yourself what a great work GIN PILLS do for me. GIN PILLS are the best medicine in the world and because they did so much for me, I will recommend them all for my life."

"J. ALBERT LESSARD."

Isn't it wonderful? Just think of these simple pills, that even children can take, being able to perform such the greatest specialists in Canada could not do. Surely, the days of the miracle dissolve stone in the bladder or kidneys because they are a natural solvent for uric acid, which causes calculus. If GIN PILLS are not sold in your neighborhood, write us 50c. for a box or \$2.50 for 6 boxes. Sample free if you write us mentioning this paper. GRIM REAPER TAKES ANOTHER I. C. R. ENGINEER

Jacob McDavid, of Campbellton, Succumbs to Pneumonia

Warden A. Z. Adams Did Not Stand for Re-election in Addington, and John Marquail, Liberal, Was Chosen by Acclamation.

Campbellton, N. B., Nov. 18.—The town was greatly shocked today by the death of Jacob McDavid, of Campbellton, a young I. C. R. engineer, after few days' illness from pneumonia. Deceased was only 36 years of age, but through his industrious habits and mental ability, advanced very rapidly on the I. C. R. and has held the responsible position of locomotive driver for some years. He was prominent in the Orange order in the B. R. 7, and a leader in the Baptist church. He leaves his wife and family of small children.

This is the second break in the railway recently, here within a week and both men are deeply regretted. The annual social of the Baptist church to be held Friday night has been postponed on account of Mr. McDavid's death.

Contrary to expectations, Warden A. G. Adams did not stand for re-election to the county council in the deferred election in the parish of Addington and John Marquail, Liberal, was chosen by acclamation.

The sitting of the Restigouche county court is being continued here by Judge McLachly in chambers with several civil cases on the docket.

ALBERT COUNTY RECTOR WEDS

Albert, N. B., Nov. 18.—(Special)—St. Alban's Anglican church at Riverside was the scene of a brilliant event this morning when the popular rector of the church, Rev. David Jenkins, was united in marriage to Miss Annie Beattie Robinson, daughter of Mrs. Amelia J. Robinson, of Riverside.

The ceremony, which took place at 10 o'clock, was performed by Bishop Richardson, of Fredericton, other clergymen taking part in the service being Canon Blain, of Moncton, and Rev. Mr. Coleman, of Petford. The church of the church was tastefully decorated with potted plants and was filled to the doors, many of the guests being invited, many attending from a distance.

At the hour for the ceremony the church was filled with guests. The bride, who is one of the most popular and charming young ladies of Riverside, was handsomely gowned in a costume of white satin with bridal veil and orange blossoms and carried a bouquet of chrysanthemums and maiden hair ferns. She was given away by her brother, Earl J. Robinson, of Riverside. The bridesmaids were Miss Ethel Robinson, sister of the bride, who was attired in blue satin, and Miss Edith Robinson, cousin of the bride, maid of honor, wore a similar costume of pink satin. The groom was attended by Rev. Mr. Coleman, of Petford.

The church, St. John. During the service the choir sang the hymns "The Voice That Breathed for Eden and Now On Father's Mindful of the Love, and Psalm 67, R. J. McKenney singing a solo, Oh Perfect Love. Walter S. Jones and Charles Robinson, brother of the bride, acted as ushers. After the ceremony and the celebration of Holy Communion, Mendelssohn's wedding march was played, after which the wedding party and the large number of guests present repaired to the residence of the bride's mother, where luncheon was served. The dining room was decorated in green and white, the parlor where the bride and groom received, was tastefully adorned with potted plants. The bride was the recipient of a magnificent array of presents, consisting of gold, silver, china and articles of silver, cut glass, etc.

The groom's gift to the bride was a piano and that of the bride's mother a substantial check. After luncheon the newly wedded pair made the trip to Moncton by auto but will not make an extended tour at the present time. They will occupy the rectory at Riverside.

Rev. Mr. Jenkins, who is a native of Cardiff, Wales, has been rector of St. Alban's church at Riverside and the other Anglican church in Albert county for the past two years and has made hosts of friends, who will wish him and his bride every happiness for the future.

MONCTON GIRL DIES OF HER BURNS

Moncton, N. B., Nov. 18.—Miss Nancy Ferguson, aged twenty, who was seriously burned on November 8 while baking bread died this morning. Only an unusually strong constitution enabled her to keep up in eight days' fight for life. She was a daughter of George Ferguson of the Moncton Tramways Electric and Gas Company's electrical department. This is the second death in the family in a short time, a young brother having been drowned in Hall's creek a few months ago.

Epiphany, N. S., Nov. 18.—New Scotland, charged with stealing a steer from a man named Doug, was committed for trial today.

WANT ELECTION PROMISES KEPT

Towns in Carleton County That Were to Be On Route of Valley Road See Where They Were Fooled During Last Local Campaign—Fleming May Have to Aid Branch Line to Square Himself.

Woodstock, N. B., Nov. 18.—During the last local election campaign the glib promises of Mr. Gould, of Carleton Place, exhibited two sets of maps showing the location of the Valley road at certain points. The people of Greenfield and Knowlton were shown that the road would go that way. The people of Royalton were told it would go through "their district."

The time has now arrived for a showdown, and Premier Fleming is asked for something more definite than the statement he made at St. John, that the road would enter the city by the "best route."

Both Royalton and Greenfield have put it up squarely, and the premier, it is said, favors the latter. Royalton people are up in arms against the scheme and want the direct line as promised during the local campaign.

When Mr. Gould went to Ottawa in connection with his Royalton scheme he had the support of Hon. J. D. Hazen, and it is pretty well understood that the railway department has assured Mr. Gould that the subsidy will be granted in spite of the opposition of Mr. Fleming.

They are planning to spend the winter in Toronto. Correspondents will please address mail matter to 85 Wilkes street, Toronto (Ont.).

Rev. Charles W. King has resigned the pastorate at Nelson (B. C.), and accepted a call of Grand Forks. (Pastor King is a son of Deacon T. M. King, First church, Truro, N. S.).

Rev. C. P. Wilson, Home Mission superintendent for New Brunswick, has visited the churches on Grand Manan recently. We will have more of his work reported after this.

President Catten was in St. John last Monday, returning from Boston and New York, where the Acadia reunion were held on the 10th and 11th of this month. He will report the progress of the college cause in those cities in a later issue of this paper.

Rev. Gideon Swain, of Petford, has been over a month in the General Public Hospital, St. John, on account of ear trouble. It is a long time since he was able to take regular pastorate work. He is hoping to get into condition to undergo an operation.

Four boiling water on oranges, let them stand for five minutes, then the white lining will come away clean with the skin and you can quickly slice a large quantity.

If you want to paper a room cheaply yet artistically, use rolls of coarse brown paper that the butchers use for wrapping paper. Put it on the wall the same way as ordinary wallpaper is put on.

FOUGHT WITH LORD ROBERTS

Veteran of Crimean War and Indian Mutiny Suffered Horribly With Rheumatism, Until "Fruit-a-tives" Brought Welcome Relief

GEORGE WALKER, Esq.

"I am a veteran of the Crimean War and the Indian Mutiny, volunteering from the Royal Artillery into the Royal Engineers, and served under Lord Roberts during the Indian Mutiny, and am a pensioner of the British Government. Fierce hand-to-hand fighting and continual exposure, left me a great sufferer from Rheumatism, so much so that my legs swelled up making it impossible for me to walk. My bowels were so constipated that I only had one passage a week until I got to using 'Fruit-a-tives.' They cured me of both the Constipation and Rheumatism. Today, my bowels move immediately after breakfast, and in my regular employment, I walk thirty miles a day and enjoy perfect health. No more Rheumatism or Constipation."

You are at perfect liberty to publish this letter and my photo if it will be advantageous to 'Fruit-a-tives.'
GEO. WALKER.

WHY 'Fruit-a-tives' cures this trouble? Rheumatism is the result of poisoned blood, due to weakness or faulty action of the bowels, kidneys or skin. Mr. Walker's case, Rheumatism was the result of excessive Constipation. Waste matter remained too long in the system, was absorbed by the blood and inflamed the nerves and membranes in his legs. When he started to take 'Fruit-a-tives,' these tablets immediately acted on the liver. More bile was given up to move the bowels. As the bowels were cleaned, the poisonous waste matter was removed, the blood became clear and the nerves were no longer irritated. Today, Mr. Walker is enjoying vigorous health that was his when he fought with Lord Roberts and helped to plant the British Flag firmly in our Over-Sea Possessions. He is as active as a man of forty and cannot praise 'Fruit-a-tives' too highly. Try them yourself, 50c. a box, 6 for \$2.50, trial size 25c., at all dealers or from Fruit-a-tives Limited, Ottawa.

Light exercise after the morning bath is an excellent tonic and body beautifier.
