

Lightens The Labor Of Wash Day

EDDY'S

Fibreware Wash Tub and Wash Board
Made of wood pulp fibres that are moulded into shape under tremendous pressure and baked by terrific heat to the hardness of granite. Light as wood and strong as steel, easy to lift and easy to carry. No seams or crevices to collect taints or odors. A tub and a board that are practically everlasting.

The double sided washboard has a special crimp that allows dirt to be scraped off easily.

GALL STONES

"MARLATT'S SPECIFIC"

A never failing remedy for Appendicitis, Indigestion, Stomach Disorders, Appendicitis and Kidney Stones are often caused by Gall Stones, and mislead people until these bad attacks of Gall Stone Colic appear. Not one in ten Gall Stone sufferers knows what is the trouble. Marlett's Specific will relieve without pain or operation. For sale at all Drug Stores or TAYLOR'S DRUG STORE, 380 Richmond St. LONDON, ONTARIO. STANDARD DRUG STORES, LONDON, ONTARIO.

J. W. MARLATT & CO., 211 Gerrard St. E., Toronto, Ont.

The Issue

Shall the importation and the bringing of intoxicating liquors into the province be prohibited?

THE Federal Government enacted legislation which provides that a Referendum upon the question of Importation of liquors may be taken after the Legislature of the Province has made application for the same.

To Clinch Prohibition

On April 26th, 1920, the Ontario Legislature did by resolution so apply to the Federal Government, asking that such a vote be taken. The proclamation on July 28th 1920, fixed April 18th, 1921, as the date for the taking of this vote.

The Question is Now Before You

A majority voting "Yes" on this question will prohibit importation of intoxicating liquors into this Province for beverage purposes.

Vote
and vote
"Yes!"

The Will of the People Shall Prevail

ALEX. JOHNSON
NIGHT REVELRY
AT DUSSELDORF

Army of Occupation Having a
Gay Time in Germany.

DUSSELDORF, March 14.—Night long revelry, in which German civilians, German police and French, British and Belgian soldiers freely fraternized, holds uninterrupted sway in Dusseldorf's gay cabarets, huge dance halls and wine restaurants.

The curfew regulations imposed by the French commandant have been lifted. The popping of champagne corks, the screaming of jazz music, the strident voices of girl entertainers, the beating of heavy boots on the dancing floors, the sound of the French bugles blowing taps and continue until after the soldiers of occupation roll out of their bunk for revelry.

The chief body of soldiers is still held in barracks, but many of the men manage to insure nocturnal gaiety with their officers who are hampered with few restrictions. The occupying forces vie with each other and with the natives for dances with pretty girls or permission to purchase refreshments for them and the hard working orchestras are kept busy satisfying appeals for favorite national dance tunes. German "blue" police view the merry-making from the rims of bubbling wine glasses and make no sign of interference, as happens on rare occasions misunderstandings threaten disorder. The night crowd appears to take the occupation and the occupiers in cheerful spirit, and the proprietors of the amusement places with most elaborate courtesies are unable to conceal their delight at the steady piling up of profits.

MAY TAKE CASE
UP AT OTTAWA

Col. Robinson Not Justified in
Refusing Armories,
"Dry's" Claim.

[Special To The Advertiser.]

WINDSOR, March 14.—"It's perfectly all right," said Colonel Robinson who, ever he is does not want us to have the armories, there are other places in Windsor that we can get, but Mr. Johnson is coming here just exactly as we have said he would."

This was the comment tonight of Hughson Johnston, secretary of the local referendum committee, following a meeting of the management committee of the "dry" organization. Mr. Johnston stated that only routine matters were dealt with at tonight's meeting, and that "practically" no reference was made to the Robinson-Johnson episode whatever.

Howard Gardner of Walkerville, chairman of the management committee, said that he "understood" another hall would be secured where the "dryfoot" Johnson would hold his Windsor meeting.

Speaking of the refusal of Col. Robinson to permit the local armories to be used for the temperance workers' meeting, Secretary Johnston said he was "surprised at the stand" taken by the officer commanding the district Regiment and he particularly objected to the reference Col. Robinson is said to have made to "foreign agitators."

Mr. Johnson is an American gentleman, and we will treat him as such. When Dr. Lloyd of Chicago came to Windsor to speak for the Liberty League no attempt to oppose was made by the temperance forces," Mr. Johnston said, and he thought similar treatment should be accorded the dry worker, Mr. Johnson. He also hinted that Ottawa would "hear" some of the "something" would come from the local "dry" organization.

PACKERS WILL
MEET WORKERS

Both Sides To Confer With
Labor Secretary To Avert
Strike.

CHICAGO, March 14.—Both the packers and representatives of their employees today agreed to meet on March 21, in Washington with Secretary Labor Davis, who has offered his services as mediator in the hope of settling a threatened strike in the packing industry. The packers announced that they would be represented by James L. Condon and Carl Meyer, their attorneys, who are already in Washington.

The union leaders said that their representatives had not been selected, and suggested that Secretary Davis request the personal presence of J. Ogden Armour and other big packers at the meeting.

Representatives of the men objected to the appearance of the two attorneys for the employers, declaring that the absence of the principals would tend to delay the proceedings.

The packers declared that Mr. Condon and Mr. Meyer would have full authority to represent them. The packers reiterated their statement that they took it for granted that neither the union nor recent wage reductions nor the readjustment of working hours would enter into the proposed discussions.

All the big packing plants were operating with full force today, the first day under the recently announced cut of from 12 1/2 to 15 per cent in wages.

GIBBS REFUTES
WILD STORIES

"England Is All Right," He
Tells Toronto Audience.

TORONTO, March 14.—Sir Philip Gibbs, the noted British war correspondent, author and lecturer, in an address at Massey Hall here tonight before a large audience said that the gloomy pictures of England had been painted of England in Canada and elsewhere had been overpainted. "England is still there," he said, "and in spirit and in purpose and in commonsense England is all right."

Sir Philip referred to the anti-British propaganda of the Hearst papers in the United States, and said they were dangerous, because if some vital difference occurred between the United States and Great Britain the propaganda which had been going on might stir up passions that he did not think the world would occur. He had received many letters while in the United States, some of which suggested there would be war between Great Britain and the United States.

"Now that is a lie," declared Sir Philip. "It is a lie which is denied most heartily by the great American people themselves, because they realize, as we realize, that if such an appalling thing were to happen it would be the end of the white civilization itself."

DEVELOPMENT
OF DOWNINGS,
BRITAIN'S PLAN

Each Unit To Work So As To
Insure Co-operation.

NO COMPETITIVE BUILDING

Not Concerned With Plans of
Other Powers, Says
Lord Lee.

LONDON, March 14.—(By Canadian Associated Press).—An admiralty memorandum on naval estimates, referring to the naval policy for consideration at the coming imperial conference says that the lines on which it is proposed to proceed towards the development of dominion navies under the administrative and executive command of their own officers, each navy being a responsibility for its own government, all working, however, under the guidance of a common doctrine, to insure intelligent co-operation in a universal system of staff training necessary. It is proposed that a certain number of naval officers shall each year take a course in the naval staff college, the dominions eventually establishing their staff colleges under the same system.

The estimates, which include £3,750,000 for the completion of ships in hand, £2,500,000 for the replacement of obsolete ships, correspond, after necessary deductions are made, to non-recurrent war liabilities, and increases in prices, wages, pensions, etc., with the pre-war figure of £34,500,000 gross. The actual figures in 1914-15 were £53,537,281; consequently there is a decrease of £19,000,000, as compared with 1914-15.

"It cannot be too strongly emphasized that in making this long-delayed beginning with the replacement of obsolete ships," Lord Lee declares, "the Government neither commits itself to non-contingencies, any building programme in answer to those of any other power. Indeed, it trusts it may be possible, as a result of frank and friendly discussion, to reach a principal naval powers to avoid anything approaching competition building, either now or in the future."

"But, meanwhile, it would be a dereliction of duty on the part of the admiralty to allow efficiency in the training and morale of the naval and marine forces to deteriorate through neglect to provide it with material which is equal to the best, and to ensure that the confidence. It is also imperative to avoid irrevocable loss of time and building facilities which might make it impossible to maintain our sea security, should it be threatened."

Lord Lee pointed out that the estimates showed a reduction of more than £14,000,000 gross, and £8,250,000 net on his estimates of the previous year. The first Lord probably objected to the estimates before they were revised. The non-recurrent war liabilities, or terminal charges, he stated, would amount to about £8,250,000, including £2,500,000 for the completion of light cruisers, air-craft carriers, destroyers and submarines begun during the war. He anticipated that very few materials of this nature would remain to be liquidated after the end of 1922.

VICTIM THOUGHT
BANDITS WERE
ONLY "KIDDING"

Witnesses Tell of Murder of
Druggist Sabine in
Toronto.

TORONTO, March 14.—Eleven witnesses testified at an inquest here tonight on the shooting and killing of Cecil Sabine, druggist, by hold-up men on Saturday night, March 6, and the inquest was then adjourned until Wednesday night. None of the suspected men in the case were called, but at the next sitting they will be put in the witness box.

William McFadden and Roy Holm, two of the men under arrest on a charge of murder in connection with Druggist Sabine's death, were present during the taking of evidence, but Jack Conley, the third man charged with the murder, was detained in another room in the morgue building, and Walter Hultz, a chauffeur, who is held as a material witness, was kept in still another room. The prisoners were closely guarded while at the morgue, and additional police officers were on duty outside of the building as they arrived from the jail and departed for the jail again.

Detective Leavitt, Constable Arthur White, ambulance driver, and Dr. Frank Scott, who operated upon Sabine for the bullet which resulted fatally for the druggist, testified that Mr. Sabine told them that he regarded the command "hands up" as a joke when two young men entered his store.

"Hands up," said your kiddy," he had said to the man nearest to him at the counter, and then the revolver which was pointed at him exploded and he fell to the floor.

Gave Description. To these three witnesses and two others, Druggist Sabine, who had remained conscious for some time after the shooting, described the man who shot him as between 20 and 25 years of age, 5 feet 7 or 8 inches in height, of thin features and dark complexion. The hold-up men took between \$25 and \$30 from Mr. Sabine.

William H. Stokes, a clerk in the Sabine drugstore, said that he was in a rear room when the shooting occurred. When he entered the store a man was standing beside the cash register, with a white handkerchief hanging over the lower part of his face, but he left at once.

Mr. Sabine was lying on the floor and Stokes said that he saw the man who had been burglarized four times in a year, witness (Stokes) said. He could not identify the man whom he had seen in the store just after the shot was fired. He was under the impression that there were two men in the store as he entered, but was not positive as to this.

COST \$1,051,537
TO COLLECT TAX

OTTAWA, March 14.—(By the Canadian Press).—The cost of administering the business profits war tax act and the income tax act during the fiscal year 1920 was \$1,051,537. A total of 786 employees were engaged in the administration of these acts. This information was conveyed to Hon. Chas. M. Minto by Sir Henry Drayton in the House of Commons this afternoon. Sir Henry stated that the cost of administration of these acts in 1919 was \$456,797 and in 1918 \$108,196.

KRONSTADT WILL
FACE BLOCKADE

Trotzky's Decision Means Suffering
To Women and
Children.

LONDON, March 14.—Leon Trotzky, the Russian Soviet war minister, according to advice received here today, has decided to blockade Kronstadt despite the fact that this will entail great suffering to the 5,000 women and children in the town. The reason for Trotzky's unwillingness to bombard the town is the presence of the warship Petropavlovsk, which he is anxious to retain intact, the advice state.

EXECUTIVE ARRESTED.
CONSTANTINOPLE, March 14.—Allied police have arrested the Bolshevik executive committee here.

TORPID LIVER
FOR OVER FOUR MONTHS

The duty of the liver is to prepare and secrete bile and serve as a filter to the blood, cleansing it of all impurities and poisons.

When the liver becomes lazy, slow or torpid it is not working properly, and does not supply sufficient bile to thoroughly act on the bowels and carry off the waste products of the system, hence the bowels become clogged up, the bile gets into the blood, constipation sets in and liver troubles follow.

Milburn's Laxa-Liver Pills quickly remove the secretions, clear away the waste and effete matter by acting directly on the liver, and making the bile pass through the bowels instead of allowing it to get into the blood, and cause so many troubles.

Mrs. Alice Mehli, Napanee, Ont., writes: "I was very badly run down, and had a torpid liver for four months. I tried several remedies, but got no relief. One day my husband brought me home a vial of Milburn's Laxa-Liver Pills, and before I had used half of it I was much better. I only used two vials, and I am a different person today. I can safely recommend Laxa-Liver Pills to any one troubled with liver trouble."

Milburn's Laxa-Liver Pills are 25c a vial at all dealers or mailed direct on receipt of price by The T. Milburn Company, Limited, Toronto, Ont.

The Vatican at Rome
Recommends Nuxated Iron

If you lack BODILY or MENTAL VIGOR: If you are WEAK, NERVOUS or IRRITABLE, TRY NUXATED IRON TODAY!

Nuxated Iron CONTAINS ORGANIC IRON LIKE THE IRON IN YOUR BLOOD AND LIKE THE IRON IN SPINACH, LENTILS AND APPLES.

NUXATED IRON also contains a remarkable product, brought to the attention of the French Academy of Medicine by the celebrated Dr. Robin, which represents the principal chemical constituent of active living nerve force FOR FEEDING THE NERVES, so that NUXATED IRON might be said to be both a BLOOD and a NERVE FOOD.

THERE ARE 30,000,000,000,000 RED BLOOD CORPUSCLES in your blood, and each one must have iron.

Today about one person out of every three is said to suffer more or less from the great devitalizing weakness brought on by malnutrition or lack of sufficient nourishment which is caused NOT BY LACK OF FOOD but often by LACK OF SUFFICIENT ORGANIC IRON in the blood to enable us to GET THE STRENGTH OUT of our food.

IRON IS THE MASTER PRINCIPLE OF THE BLOOD AND BLOOD IS LIFE. Our forefathers ate the husks of grains and the skins and peels of vegetables and fruits, rich in strength-giving organic iron, but modern methods of cookery throw all these things away—hence the alarming increase in recent years, in Anemia—iron starvation of the blood with all its attendant ills.

When, as a result of iron starvation, you get up feeling tired in the morning, when you find yourself nervous, irritable and easily upset; when you can no longer do your day's work without being all fagged out at night when your digestion all goes wrong, or you have pains across the back, shortness of breath, heart palpitation or your face looks pale and drawn, do not wait until you go all to pieces and collapse in a state of nervous prostration, or until in your weakened condition you contract some serious disease, but consult your family physician and have him take a specimen of your blood and make a "blood count" of your red blood corpuscles or test the iron-power of your blood yourself by adding plenty of spinach, carrots, or other iron-containing fruits and vegetables to your daily food and take organic iron—Nuxated Iron—with them for a while and see how much your condition improves. Thousands of people have surprisingly increased their strength, energy and endurance in two weeks time by this simple experiment.

But be sure the iron you take is organic Nuxated Iron and not metallic iron which people usually take and which is made merely by the action of strong acids on small pieces of iron—an entirely different iron from Nuxated Iron. The fact that you may have taken metallic iron without realizing any benefit does not prove that Nuxated Iron will not help you. Nuxated Iron represents organic iron in such a highly concentrated form that one dose is estimated to be approximately equivalent (in organic iron content) to eating

WHAT THE VATICAN SAYS ABOUT NUXATED IRON

"I am happy to inform you that your gift of Nuxated Iron has been accepted with particular gratitude by the Holy Father, who, persuaded by its beneficial effects, and AFTER HAVING IT SPECIALLY ANALYZED BY THE DIRECTOR OF THE PHARMACY OF THE VATICAN, formulates the most sincere wishes that your product may become famous and be as appreciated by the public as ITS VALUE CERTAINLY MERITS."

(J. Tedeschini, Institute of the Secretary of State - Vatican)

"The composition of Nuxated Iron is such that the physiological and therapeutic effects cannot fail to be produced, as is usually the case in the prescription of pharmaceutical products of this kind."

(F. Narciso Durbinheim, Director of the Pharmacy of the Vatican.)

half a quart of spinach or one quart of green vegetables. It is like taking extract of beef instead of eating pounds of meat. Nuxated Iron is used by over 4,000,000 people annually.

Beware of substitutes. Look for the letters N.I. on every tablet. Your money will be refunded by the manufacturers if you do not obtain perfectly satisfactory results. At all druggists.

Have Bread Filled With Raisins
For Flavor and for Health

A bread is made that's full of raisins, luscious nuggets of sun-cured California fruit, Nature's own confections. It's called Sun-Maid Raisin Bread. First-class bakers make it, and supply it to retailers, or you can bake it at home according to the recipe below.

Serve such bread because it's real raisin bread and because it's healthful.

Raisins are rich in natural iron content. Natural iron in the blood makes ruddy, rosy cheeks. Rosy cheeks make pretty women prettier.

One needs but little iron daily, but that need is vitally important. Eat raisins daily and be sure you're getting all the iron you need.

SUN-MAID
RAISINS

Sun-Maid Raisin Bread is made with Sun-Maid Raisins, California's best.

Use these raisins for all home cooking purposes. In pies, cakes, puddings, salads, rolls, etc.

Plump, tender, juicy raisins, made from the finest table grapes. Packed in California in a great, new, immaculate plant. Clean, sweet, whole-

some American raisins—the kind you know are good.

Three varieties: Sun-Maid Seeded (seeds removed); Sun-Maid Seedless (grown without seeds); Sun-Maid Clusters (on the stem). All dealers. Insist upon the Sun-Maid brand.

Ask for free book, "Sun-Maid Recipes."

CALIFORNIA ASSOCIATED RAISIN CO., Fresno, California
Membership 10,000 Growers

SUN-MAID
Raisin Bread

3 cups flour
1 teaspoon salt
3 scant teaspoons baking powder
1 1/2 tablespoons of sugar
Sift well together
3/4 package Sun-Maid seeded raisins
1 1/2 cups milk

If desired to make bread a little richer, 2 tablespoons of butter and one beaten egg may be worked in. Bake 50 minutes. Will make one loaf. Can not fail.

This recipe makes delicious raisin muffins.
