IMPORTS OF FLOUR INTO BOSTON .- The imports 1854 were 48.253 bbls.

During the same time last year, there were 94, plank at the distance of 100 yards. 859 bbls. - showing a diminutian this year of 46 606 bbls.

This large falling off in the receipts, together with the immense exports to Europe during the last four months, sufficiently explain the present high price of flour. It is believed, however, that the prices of flour and freights, at which large exportations have been made, will not remunerate speculators, and that the present rates in Liverpool will not warrant further operations to a great extent-so that we may look for declining prices here, even before the opening of the western rivers and canals, and the consequent better supply of the market from the immense stock vet in store.

THIRD EDITION OF

A PROFESTANT'S APPEAL to the DOUAY BIBLE, by the Rev. John JENEINS. Price 5s HALIFAX, February 21, 1854.

A pistol has just been invented by a citizen of Alton, III, which will prime itself and fire 36 times in succession, and so powerful is its discharge, that it will drive a ball through an inch plank at the distance of 100 yards.

A smart shock of an earthquake had been felt at San Juan del Rio, in Queretaro, but is not reported to have caused any damage.
