THE LETTERS...

"L." "V." "P."

stand for many things, but for nothing of more significance
to the water-power miller than.....

"LEFFEL" "VULCAN" AND "PERFECTION"

which, with addend of "TURBINE," and the proviso that the Turbine emanates from the
shops which have brought the Turbine in Canada to its present advanced sphere of useful-
ness, is a "gold-bond" of satisfaction between manufacturer and user.

Do not be misled by the statement that anywhere else the same wheel is made.
