2.  
On Fri 29 Sept. I was on duty at out H & in the tent. ~~James (SIB) did not + to~~ vehicle 50WT. 154230 is ~~an~~ an RAF vehicle. I saw the accused walking away from the vehicle in St. Peter's Plain in the tent. I didn't caution the accused before I questioned him. I was 2 yds from the accused. I asked him if he had been driving the vehicle, he replied "Yes". I then cautioned him. He told me he had driven an officer into the tent and parked his vehicle near the cathedral. I thought this was his vehicle. I arrested him. He violently attempted to evade custody. He put up his arms & attempted to strike me. Sgt Johnson was with me. We handled him together.

X examined.

Accused was under the influence of drink. His breath smelled strongly of drink. He was staggering & I did not consider him so drunk that I should question him. He seemed capable of answering questions. We got in the jeep & it was then that the accused started to struggle. The accused & Johnson & I were all in the back seat. He was fighting furiously that I struggled all the time in the ~~jeep~~ vehicle.
