

DR. LOW'S PLEASANT WORM SYRUP.

A SAFE AND AGREEABLE REMEDY.

Always effectual to destroy and expel all varieties of worms (tape worms included) that afflict children or adults. It does not sicken, requires no other cathartic, and CONTAINS NO HURTFUL DRUGS.

CAUTION.—Dr. Low's is the only safe, pleasant and reliable worm syrup in the market. Beware of all inferior preparations, advertised in the guise of worm syrups, and sold upon the popular reputation of this, the reliable formula of the well-known physician, Dr. A. S. Low, of Philadelphia, U.S.A.

WORN OUT AND RUN DOWN.

Amid the hurry and worry of modern life more nervous force is expended than tired nature can replace promptly. Nervous debility followed by physical and mental exhaustion soon ensues, giving rise to sleeplessness, dizziness, palpitation, lost strength, languor, lack of vitality, weak all-gone feeling, etc. Like a clock which has run down, the motive power of the system is wanting and must be restored. It is the office of Milburn's Aromatic Quinine Wine to supply and restore this motive power, by stimulating the organs of nutrition, sharpening the appetite and building up both body and brain in health and vigor. It is a certain tonic and acts promptly in curing ague, chills, bilious fever, dumb ague, malaria, etc., and prevents their return by fortifying the system. Being the most grateful and palatable appetiser known, it may be used by children, delicate females and convalescents in comfort and safety and with the happiest results. Price \$1.00.
