

IMPORTANT SALE —OF— SHORTHORNS AT DELAWARE

(12 miles from London, 3 miles from Komoka Station, G. T. R.)

ON THURSDAY, 13th OCT.

When the entire Belvoir herd will be sold. The proprietor knowing the suspicion with which draft sales are held, and the poor prices so often realized, has reluctantly concluded to offer the ENTIRE BELVOIR HERD. Nothing marketable will be retained. This will be an opportunity to obtain the best Bates blood seldom offered to the Canadian breeders, and the proprietor confidently looks for that support from them which heretofore has been so generously given by breeders in the United States. Catalogues in due time.

THE RACER.

THIN BACK, LANCE TOOTH, CROSS-CUT SAW.

It stands without a rival and is the fastest cutting Saw in the world. It has beaten the best Canadian and American made Saws 33½ percent in every contest. Its superiority consists in its excellent temper. It is tempered under the Secret Chemical process, which toughens and refines the steel. It gives a finer and keener cutting edge, and will hold it twice as long as by any other process. We have the sole right for this process for the Dominion of Canada. None genuine that are not like the above cut, with registered Trade Mark, with the words "The Racer," and the Maple Leaf with our name. Price \$1.00 per foot.

CAUTION.—Beware of Counterfeits. There are inferior Counterfeits on the Markets. They are intended to be sold at a high price upon the reputation of this Saw. We will send to any address a Saw exactly like any Counterfeit, warranted equal in quality, or no sale, at 60c. per foot. Therefore do not be humbugged into paying a first-class price for a second-class saw. A fact to bear in mind that if the material and temper are not of the very best quality the shape of the teeth amounts to nothing. A saw, like a knife, will not cut fast without it will hold a keen cutting edge. We have cut off a 14-inch sound basswood log in eight seconds with this saw. Manufactured only by

Both Mr. Savage & Mr. Farnum will be at the fair with their horses during the Exhibition and will have comfortable quarters fitted up in which to meet their friends and visitors.
