

"Success" Manure Spreader

Pays for itself in one year by saving in labor and manure and the increased crops produced.

A **SUCCESS MANURE SPREADER** will economize labor more than any other farm implement.

It will make the manure go two or three times as far as when spread by hand, and every acre spread will produce from 10 to 15 per cent. more crop. After the first year the results secured are all profit.

You can sit still, and the machine and team will do the work.

With a **SUCCESS** you can spread a load in five minutes.

The spreading is even to the end of the load.

Our beater chain-driving device gives us the easiest running and strongest machine on the market.

A manure spreader is a necessity on every farm. Investigate the situation and buy now.

Write for booklet, "Worth Its Weight in Gold."

I CURED MY RUPTURE

I will show you how to cure yours FREE

"I was helpless and bedridden for years from a bad rupture. No truss could hold. Doctors said I would die if not operated upon. I fooled them all and cured myself by the Rice Method. I advise all ruptured persons to use this method," writes Mr. Robt. Howard, Bracebridge, Muskoka Co., Ont. A **Free Trial** of this marvellous Method sent Free to all who write at once, giving description of their case. Thousands have been cured and **IT WILL CURE YOU.** Write to-day.

Dr. W. S. Rice, 23 East Queen St. Block (276) **Toronto, Ont.**

QUESTIONS AND ANSWERS. Veterinary.

MARE DOES NOT LIE DOWN.

Mare does not lie down at night. I put her in a large stall, but still she persists in standing. H. B.

Ans.—This is an undesirable characteristic of some horses, and we cannot account for it. It is undesirable, as the animal cannot rest so well, even though horses can sleep while standing. All that you can do is provide her with a large box stall, well bedded, and allow her to run loose. This will probably encourage her to lie. V.

OBSCURE LAMENESS.

Pregnant mare, doing some light farm work, went very lame on off hind leg for three days. This got better, and she went very lame on near hind leg for three days. There was no swelling or soreness to the touch. My veterinarian gave some medicine for the blood. In six weeks she went lame again in exactly the same way and for the same length of time. Since the first attack, she appears a little stiff when moving. A. C.

Ans.—Severe lameness without swelling or soreness, lasting three days, and then affecting another limb for the same length of time, and disappearing, to reappear in six weeks with the same peculiarities, is, so far as I am aware, unprecedented. Without further particulars as to the manner of progression as regards peculiarities of action, etc., during lameness, I am unable to locate the seat. If the trouble recurs, it would be well to send for your veterinarian during the time of acute lameness, and he will probably be able to locate the trouble. In the meantime, feed lightly, and give regular exercise or light work. V.

Miscellaneous.

VETERINARY BOOK FOR FARMERS—DRAINING PLOW.

1. Some tell me that "Veterinary Elements," price \$1.50, contains more practical, helpful information for the ordinary farmer than do some of the much higher-priced books on the same subject.

2. Do you know of a "draining plow" that will materially assist in that work? A Toronto company make one, but it will not throw the soil out. J. W. K.

Ans.—1. For the general farmer we know of no work that we could more safely recommend than "Veterinary Elements." Many of the others are altogether too technical.

2. Manufacturers who make suitable ditching machines should advertise them in this paper.

TAKE MY CURE, WHEN CURED YOU PAY ME

The fear that you could not be cured may have deterred you from taking honest treatment, or you may have been one of the unfortunate, who have been treated in vain by inexperienced physicians, free treatments, free trial samples, patent medicines, electric belts and other similar devices. Such treatments cannot and will never cure you, nor will these maladies cure themselves. When I offer you a cure, and am willing to risk my professional reputation in curing you, and have such faith and confidence in my continued success in treating these diseases that not a dollar need be paid until you are cured, a fair proposition cannot be offered to the sick and afflicted. This should convince the skeptical that I mean what I say, and do exactly as I advertise, as I am positive of curing you in the shortest possible time, without injurious after-effects. My charges will be as low as possible, for conscientious, skillful and successful services, and my guarantee is simple and true. Not a dollar need be paid until cured. I have 14 diplomas and certificates from the various colleges and state boards of medical examiners, which should be sufficient guarantee of my standing and abilities. It makes no difference who has failed to cure you, it will be to your advantage to write to me for my opinion of your case, which I give you free of charge. I want to hear from patients who have been unable to get cured, as I guarantee a positive cure for all chronic, nervous, blood and skin diseases, which I accept for treatment. I not only cure the condition itself, but likewise all the complications, such as rheumatism, kidney and bladder troubles, blood poison, physical and nervous debility, lack of vitality, stomach troubles, etc. All medicines for patients are prepared in my own laboratory to meet the requirements of each individual case. All medicines for Canadian patients sent from Windsor, Ont., duty and transportation prepaid. I will send a booklet on the subject which contains the 14 diplomas and certificates, entirely free. Address simply, Dr. S. Goldberg, 208 Woodward Ave, Suite 335, Detroit, Mich.

12 SHORTHORN BULLS

20 Cows and Heifers

Good ones, Scotch-bred, at moderate prices. Catalogues on application.
