**Selecting a Roof**

Every prospective builder should show the same discrimination in the selection of a roof as in the investing of money. There are a lot of poor roofings on the market. Discriminate, examine and test roofing before buying it. You cannot do that with all roofings, but it is possible to do so with

**FLINTKOTE REX ROOFING**

and we are glad to have you do it.

If you will send us your name and address we will be pleased to send you samples. We would like to have you test its acid-proof qualities—like to have you prove to yourself that REX Flintkote Roofing will not leak or catch fire from falling sparks. By all means investigate before you buy. On every roll of REX Flintkote Roofing appears the boy trademark. It is a sign that means thorough roof-satisfaction.
