

Almost Runs Itself

A SLIGHT push starts the tub moving. That's because the Connor Ball Bearing Washer swings on ball bearings. The ball bearings carry the weight of the tubful of clothes. You have nothing heavy to push. You simply give the tub a little swing. It strikes a set of powerful coil springs. They swing it back swiftly until it strikes another set, which return the tub to the first set. These springs do nearly all the work.

Connor Ball Bearing Washer

is almost automatic—almost runs itself. Just think of the comfort and satisfaction of owning a machine that would save you your present washtub drudgery, and do the washing better than you can do it yourself.

Yes! Better than you can do it yourself. The swift action of the powerful coil springs sends a perfect cataract of soapy water swirling and surging through every thread and mesh of the clothes, removing the dirt without any wash-board wear. And in one-third the time. Your time is worth money. The Connor Ball Bearing Washer will soon save enough hours to pay for itself.

It's the most convenient washer, too. The handle for swinging the tub, the wringer and the stand adjustment are all operated from one side. You don't have to lift the cover and put it on the floor to leave a puddle of soapy water. The hinged cover, with slusher attached, when raised rests against the handle of the tub. The suds and water drain back into the tub. The wringer is thrown forward out of the way when raising cover, or securely locked into upright position over tub for wringing, by a simple wheel-screw adjustment.

Distributors:

James Rae, Medicine Hat; Canada Machinery Agency, Montreal; McCook Imp. Co., Regina; The Tinshope-Anderson Co., Ltd., Winnipeg; Calgary, Edmonton, Lethbridge, Saskatoon and Regina.

PIONEER FARM SEED POTATOES

Our specialty is growing seed potatoes in a climate down by the sea that have proven to give about double the yield when compared to native seed planted in Ontario. This change of seed will make your potato field one of beauty and a pleasure to work in.

Let me help you to make this change. Lots of our individual hills weigh ten lbs. Good seed stock is going to be high again this year. Let me send you some this fall. You can winter them as cheap as I can. "Irish Cobbler," "Early Ohio," Delaware, Empire State and Green Mountain are good varieties. \$1.00 per bag, f.o.b. here. Bags included. Cash with order. Car lots have a better figure.

Over 1,000 Gallons of Water Pumped With 1 Pint of Gasoline

That's what you can secure with the Eclipse Pumper. This reliable little pumping engine will pump from 200 to 4,000 gallons of water per hour—depending on type and size of pump and lift—and do it on 1 pint of gasoline.

Fairbanks-Morse Eclipse Pumper

frees you from the labor of pumping by hand and makes you independent of wind or weather. The Eclipse Pumper can be attached to any windmill pump without special attachments.

This powerful pumping engine is simple, has no complicated parts to get out of order. It is reasonably priced and absolutely guaranteed. It makes possible a modern water system with all its conveniences at a very low cost.

Write for Descriptive Pamphlet No. MN 2524.

The Farm Scale that Saves Money for Farmers.

The RENFREW Handy Two-Wheel Truck Scale

The RENFREW saves every cent of profit for the farmer on everything he sells by weight, because of its absolute accuracy.

It saves for him time and labor—simply wheel the RENFREW to what you want to weigh.

It saves for him because it is built to last, and weighs anything from one pound to 2,000 pounds.

Does your scale do these things? If not, it is time to buy a RENFREW—the farm scale built to meet your requirements.

Mail Coupon Now for this Free Booklet, "The Profit on the Last Ounce." It tells interestingly about the business side of farming—and how money is saved with a "RENFREW" Handy Two-Wheel Truck Scale.
