All the world is interested, and nations are represented with palaces, statuary and exhibits, etc. Through Pullman sleepers leave for the World's Fair daily. Remember that in addition to reduced rates, you have privilege of stop over at Chicago, Detroit, or at intermediate Canadian stations. For tickets, handsome illustrated booklet, and full information call at Grand Trunk offices, or address J. D. McDonald, District Passenger Agent, Toronto.

**THE ROOT OF THE MATTER.**

**He Cured Himself of Serious Stomach Trouble by Getting Down to First Principles.**

A man of large affairs in one of our prominent eastern cities, by too close attention to business, too little exercise and too many club dinners, finally began to pay nature's tax, levied in the form of chronic stomach trouble; the failure of his digestion brought about a nervous irritability, making it impossible to apply himself to his daily business, and finally deranging the kidneys and heart.

In his own words he says: "I consulted one physician after another, and each one seemed to understand my case, but all the same they each failed to bring about the return of my former digestion, appetite and vigor. For two years I went from pillar to post, from one sanitarium to another. I gave up smoking, I quit coffee, and even renounced my daily glass or two of beer, but without any marked improvement.

"Friends had often advised me to try a well-known proprietary medicine, Stuart's Dyspepsia Tablets, and I had often perused the newspaper advertisements of the remedy, but never took any stock in advertised medicines, nor could believe a fifty-cent patent medicine would touch my case.

"To make a long story short, I finally bought a couple of packages at the nearest drug store, and took two or three tablets after each meal, and occasionally a tablet between meals, when I felt any feeling of nausea or discomfort.

"I was surprised at the end of the first week to note a marked improvement in my appetite and general health, and before the two packages were gone I was certain that Stuart's Dyspepsia Tablets were going to cure completely, and they did not disappoint me. I can eat and sleep and

enjoy my coffee and cigar, and no one would suppose I had ever known the horrors of dyspepsia.

"Out of friendly curiosity I wrote to the proprietors of the remedy asking for information as to what the tablets contained, and they replied that the principal ingredients were aseptic pepsin (Government test), malt diastase and other natural digestives, which digest food regardless of the condition of the stomach."

The root of the matter is this, the digestive elements contained in Stuart's Dyspepsia Tablets will digest the food, give the overworked stomach a chance to recuperate and the nerves and whole system receive the nourishment which can only come from food; stimulants and nerve tonics never give real strength; they give a fictitious strength, invariably followed by reaction. Every drop of blood, every nerve and tissue is manufactured from our daily food, and if you can insure its prompt action and complete digestion by the regular use of so good and wholesome a remedy as Stuart's Dyspepsia Tablets, you will have no need of nerve tonics and sanitariums.

Although Stuart's Dyspepsia Tablets have been in the market only a few years, yet probably every druggist in the United States, Canada and Great Britain now sells them, and considers them the most popular and successful of any preparation for stomach trouble.

**Fruit is Nature's Laxative.**

Fruit contains certain principles which act like a charm on the liver—and keep the whole system well and strong. But these principles in the fruit juices are too weak to have any marked effect on the internal organs. The value of

**Fruit-atives**  
or Fruit Liver Tablets

lies in the secret process by which they are made. The fruit juices are so combined that they have an entirely different effect from fresh fruit. Their action is the action of fruit greatly intensified. They have a marked effect on the liver—toning it up—making it active. "Fruit-atives" are, without doubt, the only complete cure for all Stomach, Liver and Kidney Troubles.

**THE CANADIAN NORTH-WEST HOMESTEAD REGULATIONS.**

Any even numbered section of Dominion Lands in Manitoba or the North-West Territories, excepting 8 and 26, which has not been homesteaded, or reserved to provide wood lots for settlers, or for other purposes, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one quarter section, of 160 acres, more or less.

**ENTRY.**  
Entry may be made personally at the local land office for the district in which the land to be taken is situate, or if the homesteader desires, he may, on application to the Minister of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, or the local agent for the district in which the land is situate, receive authority for some one to make entry for him. A fee of \$10.00 is charged for a homestead entry.

**HOMESTEAD DUTIES.**  
A settler who has been granted an entry for a homestead is required by the provisions of the Dominion Lands Act and the amendments thereto to perform the conditions connected therewith, under one of the following plans:—

- (1) At least six months' residence upon and cultivation of the land in each year during the term of three years.
- (2) If the father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of this Act, resides upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by such person residing with the father or mother.
- (3) If a settler was entitled to and has obtained entry for a second homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by residence upon the first homestead, if the second homestead is in the vicinity of the first homestead.
- (4) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon the said land.

The term "vicinity" used above is meant to indicate the same town, township or an adjoining or cornering township.

A settler who avails himself of the provisions of Clauses (2), (3) or (4) must cultivate 30 acres of his homestead, or substitute 20 head of stock, with buildings for their accommodation, and have besides 80 acres substantially fenced.

The privilege of a second entry is restricted by law to those settlers only who completed the duties upon their first homesteads to entitle them to patent on or before the 2nd June, 1889.

Every homesteader who fails to comply with the requirements of the homestead law is liable to have his entry cancelled, and the land may be again thrown open for entry.

**APPLICATION FOR PATENT**  
should be made at the end of three years, before the Local Agent, Sub-Agent, or the Homestead Inspector. Before making application for patent, the settler must give six months' notice in writing to the Commissioner of Dominion Lands, at Ottawa, of his intention to do so.

**INFORMATION.**  
Newly arrived immigrants will receive at the Immigration Office in Winnipeg or at any Dominion Lands Office in Manitoba or the North-West Territories, information as to the lands that are open for entry, and from the officers in charge, free of expense, advice and assistance in securing land to suit them. Full information respecting the land, timber, coal and mineral laws, as well as respecting Dominion Lands in the Railway Belt in British Columbia, may be obtained upon application to the Secretary of the Department of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, Manitoba, or to any of the Dominion Land Agents in Manitoba or the North-West Territories.
