YOU WILL BENEFIT YOURSELF AND HELP US
BY MENTIONING THAT YOU SAW THE ADVERTISMENT
IN THE FARMER'S ADVOCATE.

WHAT'S THE GOOD OF A GUARANTEE IF YOUR HOUSE BURNS DOWN?

You put Metal Shingles on your house, for one reason, to protect the home against lightning. Suppose lightning does strike the roof and house takes fire? What good is the guarantee of the company that said their shingles were "lightning-proof."

You don't pay for a guarantee—you pay for protection. You get absolute protection in

"EASTLAKE" METALLIC SHINGLES

MADE IN CANADA FOR 24 YEARS

What proof have you that shingles, made by firms in business only a few years, are lightning-proof and "will last a lifetime."

"Eastlake" Shingles have been on the roofs since 1885. Of course, they are guaranteed because they have proved their protection by 24 years' service.

"Eastlake" Shingles are absolutely lightning-proof and fire-proof—and will protect the roof against fire from the outside.

"Eastlake" Side Lock and "Eastlake" Cleats make it impossible for rain, snow and wind to creep under—prevent leaks—and insures the roof lasting as long as the house.

"Eastlake" Shingles are easily put on, and you can do the work yourself. Made galvanized or painted. Write for booklet.
