

## De Laval Separators

The superiority of De Laval Separators over others is easily apparent to any man who is practical enough to protect himself by investigation against a poor investment. To buy a cream separator without first trying a De Laval is to do an injustice to himself and his dairy interests.

## The Merits

of The Great-West Life Policies are always best appreciated by those best acquainted with the Company. This is shown by the large number of Policyholders who add to their Insurance.

One of the old-time Policyholders, after sharing in two profit dividends, recently showed his satisfaction by placing a further application for \$20,000, commenting at the time on the highly gratifying results that have accrued to him under his first Policy.

Low rates, liberal conditions, and high profit returns to the Policyholders are the features that give the Great-West Policies their widely recognised value.
