Two Ways of Saving Money

Which is the better?

A wage-earner placed \$20 in the Savings Bank, intending his deposit to be the first of many. He died—and his widow received the \$20.

A fellow wage-earner also deposited \$20—but in Life Insurance. He died, and his widow received \$1,000.

Life Insurance offers the one sure way of providing for dependent ones. The Great-West Life Policies provide such insurance on most attractive terms. You owe it to your family and to yourself to make enquiries.

With Kerosene burning attachment

A Saving of \$225.00

That is practically what it means. There is little need to tell you how the price of all materials entering into the manufacture of a tractor keeps going up and up all the time. The result shows an identical tractor sold from Minneapolis at a price of \$845.00. This is equivalent to at least \$1,070.00 in Western Canada.

How and Why

How can we sell at this price? Simply and solely because the material in these tractors was bought early in 1915, before the later tremendous increases in prices had come into effect. And why do we offer them at this price? To clear the road for our 1917 engines. The 25 take up considerable storage space. We want to keep them on the move to keep our factory busy. Send in your order today and save \$225.00.

What We Guarantee the BULL To Do

The Big Bull is guaranteed to pull two plows in stubble, to deliver 7 h.p. on the draw bar, and at least 15 h.p. on the belt, and to operate a small separator complete with blower, stacker and automatic register.

What the BULL Did for Maurice Picton

The Bull Tractor Co. Ltd., Winnipeg.
Dear Sirs:—I take pleasure in sending you with this letter a photograph of the Big Bull which I bought from you last Spring. The picture shows the Bull pulling a three-bottom 14 in. Oliver gang plow at a depth of 6 ins. or 7 ins. in light, sandy soil. The machine handled the plow splendidly. This fall we plowed about 25 acres after we had finished our threshing. We used a 20 in. cylinder new Racine Separator, complete with Ruth Feeder, high elevator and blower, and the engine had enough power to pull the outfit. We never had any trouble starting the engine and really think it is the best tractor that this money can buy. With best wishes for the season and success for the future, I remain, yours truly,
(Signed) MAURICE PICTON.
