## Farmers of Western Canada

alise for your grain is by shipping it in car lots to Fort Wilm or Port Arthur, and having it handled by a reliable and
perienced grain commission firm. We are not track buyers
d do not own elevators, but we act as your agents and look
ter the grading of your grain, and dispose of it as your
ents, always striving to do the best possible in every way for
our interests.

The commission rates instituted several years ago by the Winnipeg Grain Exchange for handling grain in this market have recently been suspended, but an independent grain commission firm that does not buy your grain at a handsome margin of profit, but sells to realize for you the highest possible price, must make a definite charge for the services it renders, and therefore our charges for performing the same are a commission of I cent per bushel on wheat and flax, % cent per bushel on barley, and ½ cent per bushel on oats.

We make liberal advances on car shipping bills as soon as same are received, if shippers so desire; make prompt returns after sales are made, and always furnish our customers with the name and address of the buyers we sell to.

We solicit a continuance of the patronage we have enjoyed

we solicit a continuance of the buyers we sell to.

We solicit a continuance of the patronage we have enjoyed for so many years from western farmers. We invite you to write us for market prospects, shipping instructions and "Our Way of Doing Business." You will be sure to gain advantage and satisfaction thereby.

We are licensed by the Dominion Government. Our license number this season is E. 55, and our bond to the government is for \$16,000.
