THE COURIER.

WEDNESDAY, MAY 23, 1851.

THE ADDRESS.

We have published, in another place, an extract from the Globe, (and, by the way, common rumor says that, since the Halifax election, the good understanding between the Globe and the Government has ceased to exist.)

We must notice, however, one of the amendments which Sir Allan McNab intended to move, but afterwards simply laid on the table; that resolution, in amendment to the effect that the proposed increase in Parliamentary representation should be based on the principle of population.

The Queen Isabella, of Spain, has had the misfortune to break her leg in a scolding from her earnings at Anagnin.

There are many reasons why an increase of Members of our Parliament would be desirable, were it not for the increase of expense entailed thereby.

THE RAILROAD COMMITTEE.—The present session of Parliament is to be a busy one. Many important questions will be before the House of Assembly.

Mr. J. P. Gardner, Mr. J. J. Adams, Messrs. Gardner and Adams, Messrs. Gardner and Adams.

THE QUEBEC BOARD OF TRADE AND THE SHIP MASTERS.

We find in the Quebec Gazette of Monday, a detailed account of a very numerous meeting of the most respectable Ship Masters resorting to that Port.

We have been furnished with a report of the proceedings at a very numerous meeting of the most respectable ship-masters now in this Port.

Captain Evans, of the Jean McLean, was called to the Chair, and, after reading the resolutions of the Council of the Board of Trade, invited to attend the meeting.

It is a well known fact, that not only masters, but owners, or part owners, of the vessels which are engaged in the trade to and from this Port.
