PRIVATE IN THE 125TH IS HEIR TO AN EARLDOM

Simon P. Harris Receives the News in Lawyer's Letter From England.

WAS ONCE A BARNARDO BOY

Two People Standing Between Him and Wealth Killed in the War.

When some six weeks ago, Private Simon P. Harris of the 125th battalion received a letter from a firm of lawyers in the Old Country it was the first notification he had ever had that he was the direct heir to an earldom and an estate of over \$500,000 in the south of England.

"I came out to Canada some twelve years ago, as a ward of Dr. Barnardo's Homes, and it was through this institution—which does excellent work in placing children immigrants from the Old Country in the colonies—that the lawyers managed to trace me. About six weeks ago I received a letter from them, telling me that I was direct heir to the title, owing to the other heirs having been killed in the war. My uncle had started a search for me of over 500 years ago.

Laid at Rest

CHAS. BAKER. The funeral of the late Charles Baker, who died in Rochester on April 18, took place yesterday from the residence of his brother William Baker, 31 Oak street, to Mount Hope cemetery, Rev. Mr. Saunders conducting the services. The pallbearers were relatives of the deceased.

THE ZEPPELIN. The Cologne Gazette says there is no doubt that the Sussex case "which is still quite unexplained up," is only a pretext for President Wilson to undertake a new hostile attack on Germany, while the real reason is to be found in the successes of the German submarine campaign and the damage it does to Germany's enemies.

Fish shops, the smell of which we know so well down here, have passed away for the time being. Fish is so expensive that people have to eat the potatoes without the fish," said Dr. Waldo, the Southwark coroner, at an inquest the other day. The subject of the inquiry had made a meal of fried potatoes, boiled chestnuts and dates.

Reducing Expenses

THE war has increased the cost of living. The housewife must, therefore, make her money go farther. By using a tea, like Red Rose, which is largely composed of Assam Indian tea, she can reduce her tea bills considerably. Each Indian strength requires less tea in the tea pot.

"When it is considered," says the circular, "that no real benefit accrues from the habit of smoking, but that undoubted injuries are inflicted in many ways, it is deplorable that the people in the United Kingdom, at a time like this, when the nation is, in fact, struggling for its very existence, should deliberately waste such an enormous sum on a mere weed which disappears in the air as smoke."
