FRACTURED HIS KNEE

Raymond Foley, of Pontiac, Mich., who for the past few weeks has been visiting his aunt, Mrs. Donovan, on Wellington street, had the misfortune to break his leg on Thursday last. He was riding on horseback and the animal on being frightened threw his driver to the ground. The young man fell on his right side and thus fractured his leg between the thigh and the knie.

He did not know at the time that it was broken, and yesterday morning whis unable to walk. He called a physician and it was found that the leg had been broken. It will be a couple of weeks before he will be able to leave the house. Ernest Brisco returned home Saturday night from St. Catharines, where he attended the annual Regimental pienic. He speaks of having a fine time, and was also successful in winning the first prize for the hundred yard dash. The Star-Journal says:

"Ernest Brisco, of the 24th Kent Regiment, Chatham, gave the following toast when called upon: It seeems to me as if everyone I have met to-day for the first time is a friend of years standing—has been known to me for a lifetime. Your outing is the best I have ever attended."

Ernest was prominent in all the contests and enjoyed the outing very much.

GREAT LAND.

What's your objection to the farm, nister?
The land appears to be sunken.
Oh, that's owing to the crops alers being so heavy.

Number eight troiley, on the C, W. & aL. E., was apparently up against hard luck last night and yesterday. A hot box and a breakdown as well as ruuning off the track were some of the hardships during the day. In the evening, when she was running out to Wallaceburg, the pulley which connects the rod with the overhead feed wire burned out, and the wheel dropped, with the result that the motorman had to hold the rod to the wire all the way to the Burg.

As a consequence, the passengers who were wasting for the eleven o'clock car at Wallaceburg had to wait an hour later, and did not arrive in the city till 1.40.
