MAPLE CITY TO HAVE CIVIC BOARD OF EDUCATION

Mayor Sounds Clarion Against Alleged Mismanagement and Expenditure in School Matters - Grant Offered to Engineer Jones in Lieu of Increased Salary -Fire Protection for Gray Co. and Residents of Dufferin Ave.

Mayor Cowan brought up a very the payment of \$2,557.00 to W. H. mportant matter near the conclusion | Carswell-Granted. important matter near the conclusion of the meeting of the City Council last evening. It was in reference to the Public School and the Collegiate Institute Boards-the idea of doing away with both of these bodies and of electing a Board of Education to govern all educational matters.

"We have two school boards," commented His Worship, "and while I have nothing to say against the way in which educational matters are managed at the present time, I think it is generally agreed that better satisfaction would be gained if one board of education were appointed, every member of which would be directly responsible to the people for his actions. This is the case now with the Public School Board, but not so with the Collegiate Institute Board. The board could be composed of 10 members and the county and Separate school could have their representatives on it to vote only on matters pertaining to the Collegiate Lestinute.

'If this scheme is carried through it will be necessary to pass a resolution in Council to this effect before the first of Occober, in order to have such a board elected for next year. The matter of Inspector would be decided by the Board.

"Thus, instead of having 20 mem-

"Thus, instead of having 20 members as we have now, part of whom are not directly responsible to the people, we would have a board of ten, every one of whom would be Instituteelected by the public vote.

"If this had been done years ago we would not possibly have had an eight room school on Queen street sold for \$2,000, and then be forced to spend \$6,000 in fixing up two rooms in another school. Owing to mismanagement some place, ten or twelve thousand dollars is being expended for new heating for the Central school—practically a new building. The Queen street lot was sold for \$2,000, and the bargain made over the telephone with one man, instead of advertising for tenders, and the Payne school property was sold at a great reduction on its value."

Ald. Austin gave notice that at the next meeting of the council he will bring in a motion to adont the

next meeting of the council he will bring in a motion to adopt the scheme suggested by the Mayor in reference to a Board of Education.

The Council meeting last evening was an important one. Besides re fusing to grant Engineer Jones an increase in salary, but instead, offering him a grant of \$200 for extra

work this year; other important business was transacted.
There were present at the meeting, Mayor Cowan, and Alds. Austin, King, O'Keefe, Ainsworth, Potter, Westman and Edmondson. Ald. Dunn arrived while the Council was discussing the proposition of Enginthe absence of Mayor Cowan,

In the absence of Mayor Cowan, Ald. Austin presided over the meeting until the Mayor arrived. Ald. Austin explained that the meeting was called for the transac-

Several accounts for work done at he cemetery were passed.

A petition was received from the residents of Sheldon avenue, praying for fire protection. They asked for a four-inch watermain. Referred to Property Compiles. Property Committee.

Ald. Westman—it's a case where we have not got money enough so it should be referred to Finance com-

mittee.

Three of the residents on Murray street asked that their names be taken from a petition for a pavement on that street beyond Princess street. Board of Works.

The Clerk—That upsets the pavement being extended past the park gates on Princess street.

Mr. McGarvin, of the Market Square, complained of the stone crusher standing in front of his property. He threatened an injunction. Ald. Westman—The crusher was removed to-day.

Milliam Moffat solicited the contract for providing name plates for the pictures of ex-mayors in the Council chambers, at 45c per plate. Referred to Finance.

At this point the Mayor arrived and he assumed charge of the meet-

ing.
The Collegiate Institute asked for \$500 to pay for repairs and \$400 for coal. Granted. INQUIRIES.

INQUIRIES.

Ald. Austin—Has the Chairman of the Board of Works received any word of when the Bituminous Pavement Company is going to start work on Raieigh street? The street is in a deplorable state at present.

Ald. Potter,—Does the chairman of the Board of Works know anything of the condition of the sidewalk on Colborne street, near Campbell's Fanning Mill. I understand some residents have had narrow, escapes from serious injury and the city may soon have a suit for damages to deal with.

COMMUNICATIONS.

A. E. Couse applied for a position A. E. Couse applied for a position as 'electrician.

Wm. Gray & Sons Co. asked for more fire protection. They asked for a ten inch branch off William street a ten inch of anch off William street giving a three-way hydrant on the corner of Park street and Dufferrin Avenue. This was required by the Fire Underwriters to grant insurance on the Company's new warehouse in that viginity

on the Company's new warehouse in that vicinity.

Mrs. Mary O'Reilly, who resides in a frame house on Colborne street, complained of the Pere Marquette abusing their privileges on the Colbourne street tracks, and thus injuring her property. She claimed that her property was being ruined while the council stands by and does nothing. She urges the council to have these tracks removed from Colbourne street. Referred to Railway Committee.

A communication was read from the Pere Marquette, re the paving of Head street, and the improvement of the tracks on that street.

BOARD OF WORKS.

Ald. Austin presided over the meeting until the Mayor arrived.

Ald. Austin explained that the meeting was called for the transaction of general business.

Ald. King asked the approval of that a temporary outlet be erected BOARD OF WORKS.

DR. SPINNEY CO. 290 Woodward Ave. Detroit, Mich. Office Hours-9 a. m. to 8 p. m.; Sundays, 10 to 18 and 2 to 4 p. m. at the expense of the city, along Fark avenue to the Queen street sewer. A permanent sewer will have to be put down on Park avenue next year. This Pine street sewer was recommended by the Board of Health and this was the only solution that could be arrived at by the Board of Works.

Ald Austin This temperature with

Works.

Ald. Austin.—This temporary outlet cannot be put down under local improvement. Why not loan the tile to the Pine street residents, and let them make their own private arrangements in providing a temporary outlet for their sewer.

Ald. Potter thought the Queen street sewer was now overcharged, and he thought it unwise and an imjustice to the residents on Queen street to tap that sewer and make it carry more water.

carry more water.
Ald. Westman favored the idea of Aid. Westman favored the idea of laying over the Pine street sewer until next year, and then bringing in a by-law for a trunk sewer on Park avenue.

The Clerk—The Queen street sewer

The Clerk—The Queen street sewer would do the work if it were attended to properly.

Ald. Westman moved the Board of Works be instructed to find out what steps should be taken to put down a trunk sewer and also to find out what streets it should go down. The work will probably be started this fall.

Ald. Potter seconded the motion. Ald. Potter seconded the motion.
Ald. Ainsworth said the residents
of Pine St. would be satisfied with
the butlet as mapped out by Ald.
O'Keefe for this year, until the
trunk sewer can be put down.
Ald. Austin said the temporary
outlet would cost about \$35, and he
thought the city should put it down.
Ald. Westman included Ald. T. J.
O'Keefe's resolution in his motion.

O'Keefe's resolution in his motion, and it carried.

Ald, O'Keefe reported that the ten-

der of Mr. Somers for a sewer on Wellington St., for \$148, and tenders from Mr. Stevens, for \$228, for sew-ers on east and west side of market, had been granted. Ald. O'Keefe reported that since

this action was taken by the commit-tee Mr. Stevens had left the city, and the work on the market has been discontinued, so he moved that the market sewers contracts be given to Mr. Sissons, who will complete the work for \$45 more than the contract The matter was left to the Board

of Works with power.

Ald. King, for the Market commitee, reported progress in reference to

rchitects' fees.
The Mayor-I believe there are nome matters referred to the Board of Works which have not been reelating to railway crosings.

Ald. O'Keefe-I wrote to the comanies and the work is being done.

RALEIGH ST. PAVEMENT. Ald. O'Keefe, in answer to inquir-ies, said he had a communication from the Paving Company wanting to know if the street was ready. They want all the streets ready when they come. I advised them that Raleigh St. is ready and Murray St. would be ready. They will be here soon. The Mayor—The pavement must be finished by the 15th of October. Ald. Westman moved the company

be notified to go on with the paving of Raleigh St. at once, or it will have to be laid over until next year. Car-Mr. Rice complained of the Coun-

cil condemning his verandah on the market square. He was willing to strengthen his verandah. Ald, Edmondson moved the motion to have that verandah torn down be

econsidered.
Ald. Austin seconded the motion

Ald. Austin seconded the motion and spoke strongly in favor of it.

The motion was lost, so the verandah will have to be torn down.

Ald. O'Keefe answered to Ald. Potter's inquiry, and said a new sidewalk would be put down on Colborne St. and the old one torn up to-morrow.

of Works.

The Mayor suggested to the Board of Works the advisability to "get after" the Gas Company for leaving holes in the streets after putting in gas mains. One was left on Head St.

The Mayor called the attention of the Board of Works to poor street cleaning and street sprinkling. In the matter of sprinkling the streets are flooded, and instead of sweeping the gutter the contractors scoop up the dirt in shovels.

The matter will be attended to

The matter will be attended to. 'A request from W. H. Crow, to cut down a tree on the corner of St. Clair street and MvKeough avenue, was referred to the Chief of Police. GRANT FIRE PROTECTION.

GRANT FIRE PROTECTION.

Ald. Westman, in reference to the request of Wm. Gray & Sons for fire protection, read a report from Engineer Jones. Duluth St. and Dufferin avenue have no hydrants, and so the new improvements suggested by Mr. Gray will benefit the residents of Dufferin avenue. It was proposed to put down a 10-inch main along the boulevard on Park street, from William to Centre streets, and put in a 3-way hydrant at Dufferin

from William to Centre streets, and put in a 3-way hydrant at Duffering avenue. The cost of the work will be about \$736.46.

Ald. Westman made a motion to this effect and Ald. Potter seconded it. Both aldermen spoke strongly in favor of the motion.

Ald. Edmondson also spoke in favor of the motion and put in a word to hustle the work of providing fire protection for the Ursuline Academy. The motion carried.

Ey-laws appointing M Sides lineman; for the prompt payment of taxes; and for local improvements were put through their various readings, and passed.

ACCOUNTS Paysheets, \$383.10.
J. & J. Oldershaw, \$240.40.
Tobt. Duff, \$1.
Sawyer & Massey, \$35.

DISEASES.

Of the "Strengous Life."

I.ack of exercise is the modern cause of disease. Walking and horseback have given place to electric cars. No exercise means Constipation, Dyspepsia, inactive Eidneys and muddy Skin. When the towels do not move regularly, the body effers from poisoned blood. The natural issue-waste is removed by the bowels, kitheys and skin. When the bowels do not move, their work has to be done by the other two because the waste products in the system must be gotter rid of. And the result? Backache, sallow or grey complexion, headaches, furred tongues and irritable tempers, all symptoms of blood poisoning. Well, can constipation be cured? Certainly it can be—by fruit, which is Nature's purgative. A well known physician in Ottawa has discovered a process whereby the juices of apples, oranges, prunes and figs are combined and made more active, as a medicine, by foscing into the united juices one more atom of bitter from the orange peels. This makes a new fruit, many times more active than ordinary fruit, which acts on the stomach, liver, bowels and skin. The laxative fruit extract is condensed into tablets and sold under the name of "Fruit-atives" or "Fruit Liver Tablets." These tablets are only fruit with tonics added. "Fruit-atives" are a natural cure for constipation, headaches, biliousness, kidney and liver diseases and all blood impurities—by acting on the bowels, liver, akin and kidneys just as fresh ripe fruits act. They will not gripe. All druggists have them, 50c. a box, 6 boxes for \$2.50 or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

DID THEIR DUTY IN EVERY CASE

How Dodd's Kidney Pills Banish Pain in the Back

Cured Mrs. Jas. Murphy and Every-one Else She Recommended Them

River Gangnon, Que., Aug. 28.—
(Special).—No complaint is so common among women as Pain-in-the-Back. It is a safe estimate that fully half the women in Canada are afflicted with it. For that reason every evidence that there is a sure and complete cure in existence is thankfully received. And there is abundant evidence that Dodd's Kidney Pills is just such a cure. This district could furnish a dozen cures, but one is enough for an example. but one is enough for an example. The one is that of Mrs. Jas. Murphy.

says: suffered for thirty-eight months "I suffered for thirty-eight months with a pain in my back. I took just one box of Dodd's Kidney Pills and I have never been troubled with the pain since. I also recommended Dodd's Kidney Pills to other people, who complained as I did, and in every case the Pills did their duty and brought, relief."

The Toronto News has the following to say of Dr. Oliver's shooting at Toronto.

and the old one torn up to-morrow.

Ald. Edmondson moved an electric light be placed on the corner of William and Wade streets.

Ald. Ainsworth seconded the motion.

Ald. Westman thought a new light was needed, but the matter should be left in abeyance until the committee brings in its report.

The motion News has the following to say of Dr. Oliver's shooting at Toronto on Monday: "Pte. C. B. Oliver, of the 21st regiment, Essex Fusiliers, did magnificent shooting at the 800 yards range. In spite of a wind which blew ten miles an hour diagonally across the ranges, Private Oliver made eight straight bullseyes at 800 yards in the extra series matches. This was regarded as the feature score of the morning."—Merlin Mirror.

In spite of a wind which blew ten miles an hour diagonally across the ranges, Private Diver made eight straight bullseyes at 800 yards in the extra series matches. This was regarded as the feature score of the morning."—Merlin Mirror.

We mentioned yesterday that Miss Gertrude Hollinrake, of Milton, was a visitor in the city. As Miss Hollinrake during the years she was a student at Albert College, was a universal favorite in the College and made numerous friends amongst our citizens, the following from the Kingston Whig, will be read with interest by them: "Miss Gertrude Hollinrake, of Milton, Ont., was soloist in two of the Methodist churches on Sunday, and was heard with great pleasure by the congregations. In the morning at Queen St. Church, she sang "There is a green hill," (Gounod), and in Sydenham St. Church in the evening, "Come Unto Me," (Coenen). Both solos were rendered artistically and sympathetically. Miss Hollinrake has a sweet soprano voice, clear and powerful, and of wide range, her low notes having a touch of contralto quality." Miss Hollinrake has accepted the position of chorister and soprano soloist in the Park Street Methodist Church, Chatham, her duties to commence on the last of Saptember.—Belleville Inteligencer.

D. McLACHLAN & CO.,

Good Casters Brass Beds

The caster on a metal or brass bed is important. An imperfect caster is liable to injure carpets or rugs while on polished floors it always leaves marks.

Brass Beds have a double wheel ball bearing caster. The double wheel divides the weight and its wide face does not mark the floor, while it turns so easily to the motion of the bed that it never injures carpets.

It is attention to important small things that makes Ives' beds the finest in America. Ask to see an Ives Brass Bed and examine it closely.

MAKING FURNACE JOINTS

THE USUAL WAY

The majority of combination furnaces are
put together like two
joints of a stove pipe.
The cest-iron top has a
flange of 1 to 2 inches
slipped down inside the
steel body and cemented, 30 days after a steady
fire in the furnace, the
cement dsops out and
the customer drop, in
about the smoky furnace. The result is,
you not only have lots
of trouble, but often you
love the customer's future business.

"Metal Worker."
