## MINISTERS' VISIT TO STONEY PLAIN

Hon. Mr. Cross and Mr. Finlay  
Attend Meetings in Interest  
of Mr. McPherson.

Hon. C. W. Cross and Hon. W. T.  
Finlay returned last night to the city  
after holding a series of successful  
public meetings in the Stoney Plain  
district, in company with Mr. John  
A. McPherson, the representative of  
the district in the provincial legisla-  
ture.

The meetings were well attended at  
every point. Both at Lac Ste. Anne  
and at White Horse Lake the Liber-  
als tendered a banquet to Mr. McPherson  
as an evidence of the warm regard  
in which Mr. McPherson is held in this  
district.

**His First Visit to District.**  
The minister of agriculture who was  
visiting this district for the first time  
expressed pleasure and surprise at  
the splendid evidences of progress and  
industry of the people of the Stoney  
Plain. He spoke strongly  
of the possibilities of the dairy and  
poultry industries which were pecu-  
liarly adapted to the conditions obtain-  
ing in Northern Alberta.

He advocated the establishment of  
co-operatives and the advantages of mix-  
ed farming along the lines he had al-  
ready observed in the district. The  
reception accorded the minister of ag-  
riculture was most hearty and cordial.

The first meeting was held at Mus-  
seltown's school house on Monday  
night. D. Musson occupied the chair.  
The speakers were Mr. McPherson  
and Hon. Mr. Cross. On  
Tuesday night Hon. Mr. Finlay joined  
the party at Lac Ste. Anne, where a  
most successful public meeting and  
banquet were held. Speaking as the  
guest of the evening Mr. McPherson  
stated that the farmers of the Stoney  
Plain district had made from \$45,000  
to \$50,000 last year in selling tele-  
phone poles for the government tele-  
phone construction, and that it is  
expected a greater sum will be realized  
this year by the farmers in the same  
way. Further, Mr. McPherson stated  
that he had been able to secure a  
larger grant of money for roads, and  
improvement work in his district of  
Stoney Plain from the Alberta govern-  
ment than was formerly spent by  
the territorial government on the  
combined districts of Stoney Plain,  
Sturgeon and Edmonton.

Mr. Peter Gunn acted as chairman  
at the banquet.

**At White Horse Lake.**  
The public meeting at White Horse  
Lake was followed by a banquet, at  
which Mr. C. H. Dunn presided. In

the course of his address Mr. Cross  
repeated and gave a picture to the  
rumor that had been in circulation  
that Mr. McPherson was to be turned  
down as the government candidate  
in Stoney Plain. Mr. Cross paid a  
high tribute to Mr. McPherson's ability  
and diligent attention to all mat-  
ters of legislation that arose in the  
legislature and expressed every con-  
fidence in Mr. McPherson's position  
on the issues of the day. He stated  
that it was a great advantage to the  
government and to the farmers whom  
Mr. McPherson represented, to have  
one who took such a live and intelli-  
gent interest in agriculture.

**TO-DAY'S GRAIN MARKETS.**

Winnipeg, Dec. 20.—The wheat mar-  
kets showed further strength today

The American markets opened quiet  
and easy around yesterday's closing  
prices, but soon accepted the advance  
of the bullish news of the day and ad-

vance was not held, but the closing  
prices showed an advance of 1 1/2c to

**Settling Jap Questions.**

Tokyo, Dec. 20.—Negotiations between  
Minister Lemeux and the Japanese  
government which have been delayed  
owing to the hitch over the details,  
will be concluded in the next few  
days. It is understood that Lemeux  
has agreed to accept the Japanese as-  
surance that she will limit the im-  
migration to Canada and the method  
of limitation to be left in the hands  
of the Japanese. The official announce-  
ment of the result of the meeting is  
expected before the meeting of the  
diet, when Hayashi will give an out-  
line of the government's policy.

**Victim of Oil of Vitrol.**

101 Dalcoe street, was seriously burned  
by some kerosene which he threw oil of vitrol  
in his face last night and then fled.  
His eyes are injured and a doctor is  
attending him. There is no clue to  
the perpetrator.

## INSTALLATION OF NEW CARDINALS

Magnificent Pageant Marks  
Ceremony Today—A Great  
Through Assemblies.

Rome, Dec. 20.—The public con-  
sistory, personally conducted by the  
Pope to-day, was the occasion of a  
magnificent pageant. Thousands of  
tickets were distributed for the com-  
pany and a great throng assembled  
that not only crowded the halls and  
corridors of the consistory hall, but  
overflowed the piazza of St. Peter's.

The papal procession was flanked by  
the seats of cardinals and bishops, and  
the opposite end of the tribune was  
occupied by members of diplomatic  
circles and aristocracy. Ordinary ticket-  
holders were standing on the lower  
floor of the hall.

The papal procession was led by  
Swiss guards. The Pope, wearing his  
complete pontifical robes, passed  
along with upraised hand, bestowing  
a blessing as he went. Following the  
holy father came members of the Sistine  
choral, led by Abe Perosi, and the  
long train of notable church persons  
representing nearly every nation of  
the globe.

The pontiff then ascended the  
throne, and the new cardinals were  
introduced in turn, and kneeling at  
the foot of the throne, were formally  
installed. The master of ceremonies  
holding a red hat over their heads  
while the Pope repeated the formula  
of installation.

After receiving the papal embrace,  
they received a fraternal salute from  
each cardinal. After the ceremony  
Pope bestowed an apostolic bless-  
ing, and withdrew with the process-  
ion again forming an escort. A short  
supplementary consistory was held  
later, the public being excluded.

**Girl Saved Mother and Brother.**

Halifax, N.S., December 19.—A  
drowning accident occurred at New  
Harbor, Guysboro, by which the seven-  
year-old son of John G. Sangster lost  
his life. The young lad was playing  
in the ice of the river with an older  
brother, when Hayashi will give an out-  
line of the government's policy.

EDMONTON BULLETIN. MONDAY, DECEMBER 23, 1907.

## MR. OLIVER'S ACKNOWLEDGMENT.

Mr. James McGeorge, who  
wired Hon. Frank Oliver the  
news of his unanimous nomi-  
nation at the Liberal conven-  
tion held in Edmonton, Dec.  
19, has received a letter from  
the Minister of the Interior  
asking Mr. McGeorge to ex-  
press to Mr. Oliver's friends  
his best appreciation of the  
confidence which they have so  
freely expressed in him, and  
saying that whatever he could  
do he would do to keep them  
from regretting it.

**TEACHERS ARE SCARCE.**

New York Has Three Hundred Classes  
Without Them.

New York, Dec. 20.—Seven hundred  
teachers are needed immediately by  
the Board of Education to fill vacan-  
cies in the public schools. There  
being no names on the eligi-  
ble list from which to make appoint-  
ments, the Board yesterday requested  
the Committee on Elementary Schools  
to devise ways and means to help it  
out of the difficulty.

Three hundred classes in the ele-  
mentary schools are without regular  
teachers, the instructors being pupils  
from the training schools, and substi-  
tutes, when they can be obtained,  
while the number of teachers absent  
because of illness or other causes  
is placed at 400.

Two hundred and ninety-eight  
pupils from the training schools are  
acting as teachers," declared Mr. Par-  
tridge, a member of the board. "This  
is unfair to the pupils, who are sup-  
posed to be gaining instruction them-  
selves instead of teaching others, de-  
priving them of observation and ap-  
plication to the work of improvise  
themselves. If our present method is  
defective we should correct it."

**Must Pay for Divorces.**

Pittsburg, Pa., Dec. 20.—Judge  
Richard Holt, of Beaver County, an-  
nounced in court recently that here-  
after any person who wishes a divorce  
in Beaver County will have to pay for  
it in advance. Judge Holt has in the  
past few years granted many divorces,  
and recently discovered that in not  
more than half of them had the costs  
been paid. Some of the divorced  
people have quarreled without lifting  
the papers, under the impression the  
divorces were final. Judge Holt declares  
that the final order of the court will  
be paid and the papers lifted, and  
says he will require all parties in fu-  
ture to pay the costs in advance.

## THE BELL PEOPLE THREATEN A WAR

Negotiations Will Reach Crisis To-  
day—If Sale Is Not Made  
Rates to be Cut.

Winnipeg, Dec. 20.—A crisis is ex-  
pected today in the negotiations which  
have been under way between the pro-  
vincial government and the Bell Tele-  
phone company regarding the taking  
over of the company's system in Man-  
itoba. President Size has placed the  
price at the lump sum of \$4,000,000,  
and does not appear inclined to re-  
cede from that figure, which he frank-  
ly states will give the company a  
good profit on the transaction. The  
government, however, considers the  
figure a great deal too high and are  
asking for detailed statements show-  
ing the value of the various units.

Possibly some such estimate will  
be presented by the company this af-  
ternoon which would present a basis  
for negotiations. President Size makes  
no secret that the company will not  
sell unless it gets its own figures and  
that should negotiations fall through,  
it is prepared to enter into a bitter  
fight with the government for the busi-  
ness in the province. There is good  
reason to believe that the company  
has been quietly preparing for the  
last six months for a change of this  
nature and if the negotiations fall  
through, the Bell people will start  
rate slashing everywhere that the gov-  
ernment offers competition.

**A Prisoner for 47 Years.**

New York, Dec. 19.—Forty-seven  
years a convict and now a free man,  
Franz Hoffman, in years of service the  
oldest prisoner in New York State, is  
about to leave Sing Sing prison and  
come to this city, where he fears he  
may be run over or lost. Hoffman  
has heard of the elevated railroads  
and subways, and of the new and  
strange things to be found in New  
York, and the thought of it all fright-  
ened him, so that he begged leave to  
remain in prison until next week,  
when a keep will accompany him here.  
Hoffman was convicted of murder in  
the second degree.

**Must Go All Round World.**

Ottawa, Dec. 19.—Sir Thomas Trow-  
bridge, head of the Blackhead Bay Fast  
Atlantic syndicate, interviewed Sir  
Wilfrid Laurier and colleagues today.  
He says the British government will  
not aid any project that does not in-  
clude the Pacific as well as the At-  
lantic. It must begin at Liverpool  
and end at Sydney, taking in New  
Zealand.

CALLING IN LOANS.

Canadian Banks Are Recovering  
Money Loaned Outside of the Do-  
minion.

Ottawa, Dec. 20.—The November  
bank statement issued today shows  
that the banks on account of the fi-  
nancial stringency have continued the  
policy of calling in loans held outside  
the Dominion. These loans now stand  
at slightly over \$41,000,000, compared  
with \$46,000,000 in October and al-  
most \$70,000,000 a year ago. There is  
practically no change in the short  
loans in Canada. The total assets have  
decreased. There are \$334,000,000, as  
against \$54,000,000 in October, and  
\$949,000,000 a year ago. There has been  
a greater shrinkage in liabilities, how-  
ever, which stand at \$736,000,000, as  
against \$776,000,000 in October, and  
\$775,000,000 a year ago. The greatest  
average net circulation was \$78,000,  
000. In October it was almost \$86,  
000,000, and in November, 1906, it was  
slightly over that figure.

**NEW WIRELESS APPARATUS.**

Is Explained by Danish Inventor at  
Copenhagen.

Copenhagen, Dec. 20.—In the pres-  
ence of Dr. Egan, the American min-  
ister, Mr. Richardson, secretary of the  
legation, the Danish inventor, Dr.  
Valdemar Poulsen, demonstrated  
and explained the new apparatus of  
wireless telegraphy and telephony.  
The wireless apparatus arranged  
worked with a marvellous amount of  
accuracy. Dr. Poulsen described the  
last experiments were so successful  
that he was convinced that in 1908 he  
would be able to telephone from Fan-  
mark to America via Ireland. The  
Danish newspaper, Politiken, sent two  
telegrams around the world, the first  
and the other west from the editorial  
office at Copenhagen and London.  
The one from Copenhagen went via  
Trukusk, Shanghai, Manila, San Fran-  
cisco and the other from London via  
Vancouver, Auckland, Melbourne, Syd-  
ney, Berlin and Copenhagen. By a  
curious coincidence the telegraphic  
cable contained a dead heat. Each de-  
spatch took three hours and twenty  
minutes to encircle the globe.

**Still After Emigrants.**

London, Dec. 20.—Allan Cameron, the  
energetic general manager of the C.P.R.  
traffic department has arranged for a  
cinematograph show at the Palace the-  
atre, depicting the career of an emigrant  
from the time he leaves Liverpool till  
the time he finds success in Canada.

**Prof. Short, Chairman of Board.**

Ottawa, Dec. 20.—Prof. Short, Queen's  
university, has been appointed chairman  
of the board of consultation which will  
deal with the trouble between the own-  
ers of McKinley and Daragh mines at  
Cobalt and their employees.

## STATE PRODUCES STRONG EVIDENCE

In The Case Against Pettibone at  
Boise, Idaho—A New Wit-  
ness Is Produced.

Boise, Idaho, Dec. 20.—The most dan-  
gering evidence yet presented by the state  
in the Pettibone trial, aside from the  
today by Charlie Neville, the 17-year-  
old son of the late Mr. Neville, Orkney  
testimony of Harry Orchard, was given  
companion on the camping trip in 1904.  
Young Neville was not a witness at the  
Haywood trial, and his testimony was  
of a surprising nature. He told of leav-  
ing his home with his father and Or-  
chard the day before the Independence  
explosion, for Wyoming on a hunting  
trip. During the night he noticed that  
Orchard had gone and did not return  
until the dawn. They went to Denver  
and to Pettibone's store where Petti-  
bone helped to buy a camping outfit.  
It was at this time, Orchard saw his  
testimony, that Moran went from Chey-  
enne to Denver to secure \$500 for him  
from Pettibone.

**MAIN LINE BLOCKED.**

On the C.P.R. Near North Bay—Soo  
Express Delayed.

North Bay, Dec. 20.—The C.P.R.  
main line has been blocked since eight  
o'clock last night by the derailment  
of No. 8 express east-bound from the  
Soo at Yellack, eight miles west of  
North Bay. Two passenger trains  
from Winnipeg and the coast are be-  
hind the wreck, while No. 1 and No. 97  
west-bound trains and No. 7 Soo ex-  
press are stalled at North Bay. The  
trouble began west of Beauce, when  
the engine on No. 8 derailed and the train  
was stalled. An engine was sent from  
North Bay, bringing in No. 8, but a  
short distance out an axle broke on  
the disabled engine, derailing the en-  
tire train on a level piece of roadway.  
The only damage was the plunging  
up of the track and the smashed rolling  
stock. The trains are crowded  
with Christmas traffic.

**Burns \$10,000 in Bills; Dies.**

Marion, Ohio, Dec. 19.—John Gordon,  
a farmer of this county, burned \$10,  
000 in bills today a short time before  
he died. Gordon was 85 years old,  
and in the last few weeks had grown  
ill. This large profit is so expected owing to the favorable location of the mills.  
The timber, also, is of excellent quality and the logs by our own railway, and having no rivers  
or river driving to contend with.
