EDMONTON RETAINS LEAD OF THE LEAGUE

The Mighty Moose Broke up the Game ...

(Saturday's Daily.)

Edmonton retained its position at the head of the league by defeating Saskatoon in the first game of the home series last night by a score of six to one.

The fielding of Loss in centre garden was the feature of the game. He made five difficult put outs, several of them of a spectacular nature.

Saskatoon scored first in the third inning. Schaefer made a pass and went to second on Gordon's out at first.

In the fourth innings Lussi tore off a three-bagger after Baxter had gone out at first and Morse had been robbed of a hit by Harper's clever fielding.

The Dinos' error broke bases in the sixth inning. Dellar opened the innings with a single to right. White went in to run for him.

Walters opened the seventh for Edmonton by grounding to Harper, who fumbled. Walters made second on the error.

Walters opened the seventh for Edmonton by grounding to Harper, who fumbled. Walters made second on the error.

LACOMBE ROUTE HAS NO GREAT OBSTACLES

Senator Talbot Claims That Brazeau Branch Could Be Built With Little Difficulty—Harvesting in Full Swing in Lacombe District and Crops Are Good.

Ottawa, Aug. 19.—Senator Talbot, of Lacombe, who spent yesterday in the city, stated that he had not yet given up hope of inducing the C.N.R. to run its Stettler to Brazeau line through Lacombe.

The plea set up by the railway company before the deputy minister of railways, when asking for approval of its route plan to cross the line of the railway between Blackfalds and Red Deer, that there were engineering difficulties in the country west of Lacombe is, he said, without foundation.

The country out in the Bentley and Rimbey districts is one of the finest sections of Alberta and there are many facilities very urgently. Many of the farmers are forced to haul their grain for 25 miles and 40 miles to market and have been waiting awaiting the construction of a railway through their district.

In one township alone over thirty miles west of Lacombe there are ten thousand acres of splendid grain this year. In Senator Talbot's opinion it is too bad that these prosperous communities should be left any longer without railway facilities in order to make it possibly a little easier for a railway company to construct a line parallel to and close to another line, and which will open up a new country.

Harvesting operations, Senator Talbot said, are in full swing in the Lacombe district and the frost keeps off for another ten days, the great bulk of the grain will be cut and be past all danger of injury from that source.

Harvest in Progress. Fifty Per Cent. of Grain Down in North Battleford by End of Week.

North Battleford, Aug. 18.—The binders are all busy and harvesting is in full swing. About fifty per cent. of the crops will be down by next Saturday if weather conditions remain favorable.

Maroons Won Again. Winnipeg, Aug. 19.—The Maroons swatted, struck hard, winning easily, three home runs and three triples accounting for the high scores.

FRENCH CAPITAL IS COMING TO CANADA

Consul Francis, of Victoria, Says That the Western Part of the Dominion is Especially Attractive to French Financiers.

Winnipeg, Aug. 18.—That French money is just as ready for investment in Western Canada as the millions of English capitalists who are at the present time, invested \$1,500,000 in Alberta, Saskatchewan and British Columbia, is the statement of A. O. P. Francis, consul for France at Victoria, B.C.

Mr. Francis was instrumental in the organization of a strong syndicate of French capitalists which has, to the present time, invested \$1,500,000 in Alberta, Saskatchewan and British Columbia. He states that their investments are turning out exceedingly well, and that if the returns for the present year are as great as in the past—and there is every indication that they will be—there will be practically unlimited French capital for investment in Canada next year.

Mr. Francis was at the Royal Alexandra hotel while a number of noted English capitalists were also there, and stated in no uncertain way that they are but the forerunners of dozens of European money lords who are looking to Canada as the best field for investment offered in the world today. He predicts that the flow of capital from the money centers of the Old World will be greater in the next few years than ever in the past.

Mr. Francis is in close touch with the reality movement from Winnipeg to the coast and believes that the outlook at the present time is better than at any time since he first became interested several years ago.

Scraps—Papa, said Willie, is a gent short of gentlemen? Yes, my boy, replied the old man, a gent is far short of a gentleman.

Constable to Blame. Coroner's Jury Censure Man Who Had Suicide in Charge.

Winnipeg, Aug. 18.—The jury empanelled under Coroner Inglis last night to investigate the death of James A. Knight, a farmer of Rosewood, arrested for attempted murder of his wife and who purchased poison and committed suicide while in custody, recommended that the pharmacist at the drug store who sold the poison be made planner and greater restrictions be placed on the sale of poisons and charged the constable in charge of the deceased sufficient knowledge of his duty and that the chief of provincial police should see that his men are properly instructed.

Post Office Test Case. Political Circulars Mailed With One Cent Stamp.

Victoria, B.C., Aug. 17.—Judgment was rendered this afternoon by Police Magistrate Prior in the case of the Post Office Department against Baxter and Johnson. The defendants were charged with an infraction of the regulations by sending by express a great quantity of political circular letters, which were posted at various cities and towns with a one-cent stamp, Baxter and Johnson thus effecting a saving of one cent on each letter. Magistrate Prior's decision against the Post Office Department. He says in his written judgment: "I can find nothing in the post office act which requires a person to post a letter in any particular post office. In my opinion if a letter is posted in any post office in Canada and is carried and delivered to the addressee by the postal authorities, it is sent in conformity with the postal act, and therefore section 134 does not apply."

Col. W. D. Gordon Retired. Report of Retirement Confirmed in Militia Gazette.

Ottawa, Aug. 17.—The Militia Gazette today contains the unexpected announcement of the retirement of Col. W. D. Gordon, commanding Quebec. The notice reads: "Quebec command, Col. W. D. Gordon, officer commanding, is retired 21st August, 1910."

The Best Place to Buy a Piano

WHEN QUALITY IS THE CHIEF CONSIDERATION

The careless purchaser of a piano buys only for today. The intelligent purchaser has the future in view.

At the Mason & Risch factory, the quality thought is uppermost. No matter what price you pay for a piano, you are entitled to the maximum degree of quality.

The tone, the grade of materials, the character of workmanship are matters that laymen cannot judge accurately. Yet they have the most important relation to the future satisfaction of the purchaser. If it is a case where the seller must be trusted to know that every factor is right.

The piano business at the Mason & Risch factory is founded upon the broad principle that no large success can be expected unless confidence is deserved and absolute satisfaction follows each individual sale.

MODERATE. MONTHLY PAYMENTS IF DESIRED.

A Sitting of the District Court will be held at MILLET on THURSDAY, SEPTEMBER 1ST, commencing at 10 a.m. A. V. BLAIN, Acting Justice General. Dated at Edmonton, 18th August, 1910.

CHAMPLAIN MARKET SOLD. Old Site Will be Terminal of National Transcontinental.

Quebec, Aug. 18.—His Worship Mayor Drouin, Hon. L. A. Taschereau, C. E. Taschereau, notary, City Attorneys Choclain, Corrivue and Chapleau, and City Engineers Ballaire and O'Donnell had a long conference this morning with Hon. S. N. Parent, chairman of the National Transcontinental railway, regarding the contract for the sale of the Champlain market site, which the railway wants for the purpose of a terminal. As it is already known, the terms of the contract of sale of the Champlain market site is \$100,000, with the guarantee that two million dollars shall be spent on the erection of workshops and other works. The conference between the civic authorities and Hon. Mr. Parent lasted for upward of an hour and a half this morning, and they met again at 3 o'clock this afternoon, and the contract was finally accepted by the Hon. S. N. Parent, and the legal advisers of the commission of the Transcontinental Railway on one side, and by the mayor and the city attorneys on the other. It will now be submitted to the federal executive by the president of the Transcontinental railway, pro forma, and the city will afterwards receive the price of sale. The sale of the Champlain market may be considered now as having been practically made.

Public Notice. A Sitting of the District Court will be held at MILLET on THURSDAY, SEPTEMBER 1ST, commencing at 10 a.m. A. V. BLAIN, Acting Justice General. Dated at Edmonton, 18th August, 1910.
