

PUBLIC NOTICE!

The Newfoundland Agricultural Board has ascertained that certain plots of potatoes in the neighbourhood of St. John's are affected by the dreaded

"Potato Canker" Disease.

This is the same disease that was first detected at Red Island, in Placentia Bay, about a year ago, and is so fatal in its effects that if not immediately checked the absolute impossibility of growing potatoes in Newfoundland for years to come, is sure to result.

The Agricultural Board therefore requests that all potato growers who may observe indications of disease in their crop will at once notify the Secretary of the Agricultural Board at the office of the Department of Agriculture and Mines.

The Agricultural Board recognizing the incalculable injury that must accrue to the country if this disease be not immediately stamped out earnestly requests all persons to aid the efforts now about to be made to effect this.

By order,

FRANK H. SIMMS, Secretary

Young Children thrive on
Corn Flour Milk Puddings

Brown and Polson's "Patent" Corn Flour makes the milk digestible, so that even weakly children easily assimilate it and are nourished by it.

Puddings that are favourites are—plain milk pudding, baked or boiled, baked sultana pudding, and the ever popular blancmange re-heated in the mould, all warm and equally delicious alone or for older children, with stewed fruits, such as figs, apples, etc.

The best Corn Flour is not too good for little stomachs and that is

Brown & Polson's
