After the Dance

Place a pair of "FITALL" Shoe Trees in your shoes to keep them from becoming creased and mis-shapen. Do this and you will not only prolong their life and beauty, but make them more comfortable the next time you wear them, and save your hose.

FITALL Shoe Trees are so ingeniously devised as to fit any shoe, high or low, and are self-adjustable. They are invaluable in "breaking in" new shoes and preventing chafing, blistering of the feet, as well as preventing corns, etc.

Buy a pair to-morrow and see what a marked difference they give the appearance of your shoes overnight. At all leading Shoe and Department stores.
