

League of Nations Concludes Fifth Assembly

Canada Will Support Protocol of Arbitration and Security—Sir William Price Killed in Accident—Baseball Scandal in New York.

ASSEMBLY URGES RATIFICATION OF PROTOCOL

GENEVA, Oct. 2. The fifth Assembly of the League of Nations to-day solemnly concluded its work of peace by the unanimous adoption of a resolution urging that all Governments ratify the protocol of arbitration and security providing for pacific settlement of international disputes. All of the fifty-seven states represented in the Assembly subscribed to the resolution which was divided into two parts. The first recommended to the earnest attention of all members of the League the acceptance of the protocol which provides in addition to clauses covering arbitration and security for preparation for an international conference on the reduction of armaments. The second part asks that all countries accede at the earliest possible moment to the compulsory arbitration clause of the world court of justice.

BANK SUPERVISOR DEAD

HALIFAX, N.S., Oct. 2. F. St. Clair Harris, Supervisor of the Royal Bank of Canada for the Maritime Provinces and Newfoundland, died at his home early this afternoon. Mr. Harris had been in different health for the past three years and had been subjected to several operations, the last one having been performed in Montreal a few months ago. Deceased was one of a group of notable bankers given the Dominion by the Maritime Provinces. He entered the Union Bank of Halifax, subsequently merged with the Royal, twenty-five years ago, and after a brilliant career in the enlarged institution came here from Vancouver as Supervisor. He was the son of the late Edwin and Mrs. Harris, of Alford, N.S., and is survived by his wife, formerly Gertrude Whitman, of Annapolis, and five children.

CANADA SATISFIED

GENEVA, Oct. 2. Hon. Raoul Dandurand, Canadian representative at the Assembly of the League of Nations, speaking before the Assembly to-day declared Canada would be loyal to the Covenant of the League and would support the protocol of arbitration and security. His speech was a noteworthy contribution to the debate which preceded the unanimous adoption by the Assembly of the resolution urging all Governments to ratify the protocol.

A BOUNDARY AMENDMENT REJECTED

LONDON, Oct. 2. The House of Commons in Committee on the Irish Bill to-day rejected by a vote of 257 to 207 an amendment introduced by James D. Casela, Conservative, that the Commissioners provided for in the Bill should adjust the Boundary between Ulster and the Free State without substantially altering the areas of Northern Ireland as fixed in 1920.

SIR WILLIAM PRICE KILLED IN LANDSLIDE

QUEBEC, Oct. 2. Sir William Price, President of Price Brothers Company, and a prominent resident of this city, was killed this morning in an accident at Kenogami, according to reports reaching this city. Sir William and two engineers, named Munro and McDermott, the report says, were inspecting work being carried out at Kenogami when a landslide occurred. Sir William is said to have been buried under the debris while the engineers escaped with their lives. Officials from the local office of the company left for Kenogami immediately upon receipt of the news of the accident. Further details are lacking at the moment. Sir William was one of the most influential business men in Canada. He was associated principally with the pulp and paper industry and owned very large mills in Northern Quebec. Just at the present time he was engaged with the United States industry in completing a large scheme for developing water power for his pulp plants. Sir William Price resided in Quebec. He was ranked as a multi-millionaire in financial circles.

NOTHING TO LIVE FOR!

MONTREAL, Oct. 2. Depressed over the loss of her five months old baby a few months ago, and having told neighbors that she had nothing to live for, Mrs. William Brown, of Verdun, strangled her other child, a five years old girl, this afternoon, then went to the kitchen put her head into the oven of a gas range, turned on the gas and succumbed by asphyxiation.

PRINCE SPENDS JOLLY DAY

HIGH RIVER, Alta., Oct. 2. "So long for me, present, this has been a very jolly day and I have enjoyed meeting you all." With one hand deep in his breeches pocket and

the other gaily waving a long cigarette holder, Edward Prince of Wales bade a cheery good-bye to 2,000 Albertans who visited his ranch on Wednesday to attend a sale of pure bred live stock and the annual picnic of Alberta Shorthorn Breeders Association. At the conclusion of the sale the Prince and party left by motor for High River, where they boarded a special train now speeding towards the Pacific Coast.

INVESTIGATING BOOTLEGGERS' OPERATIONS

NEW YORK, Oct. 2. United States District Attorney Hayward has ordered an investigation to be conducted here in connection with the statements of Max Jerome Phaff, alleged rum pirate under arrest in France, in which he named a number of men as members of a bootlegging pirate gang. The evidence which already has been gathered in the investigations started last February by the Department of Justice men and Prohibition agents, has revealed the existence of a New York and Canadian gang of pirates which actually seized a ship and at other times collected insurance on cargoes which they represented as having been taken by pirates.

WILL NOT ACCEPT COMPROMISE SAYS HUGHES

MELBOURNE, Oct. 2. The declaration that Australia will not accept the compromise reached by the League of Nations on the demand by Japan for submission of racial disputes to arbitration was given to the public to-day by William Hughes, former Premier of the Commonwealth.

RECIPROCAL TARIFF BILL PASSED

MELBOURNE, Oct. 2. The Australian Federal Parliament to-day passed the Australian-Canadian Reciprocal Tariff Bill, which it is anticipated, will result in considerable increase in trade between the two Dominions.

BOUNDARY BILL PASSED UNAMENDED

LONDON, Oct. 2. Interest in the Irish Bill which passed through all its stages unamended in the House of Commons to-night is being dwarfed by the buzz of political gossip predicting the early defeat of the Government and general elections. Nothing new developed to-day in the political situation and everything still remains in the realm of speculation but opinion seems to be hardening that either on a vote of censure next Wednesday, or on question of the Russian Treaty, which is to come up early in November the Macdonald Government will be overthrown.

AN AMERICAN BOOTLEGGING KING

BREST, France, Oct. 2. Bootlegging and rum-running are essentially American institutions in which the New York Rum Ring will permit no foreigner to interfere, Max Jerome Phaff told his travelling companions on the Southampton-London train last August, according to affidavits filed with Commandant Fournier of the French Naval Corps which is investigating piracy of the French steamer Mulhouse. Phaff is charged with complicity in this piracy in which a French trawler was looted of 36,000 cases of whiskey, off the Canadian Coast, last July. "I am one of the kings of the American bootleggers," Phaff is quoted in the affidavits as informing his fellow travellers. "We don't want any foreigners horning into this business. We just wanted to give these Frenchmen a good lesson." The lesson, according to the affidavits, which the rum-runners wished to teach the French, was administered in the piracy of the Mulhouse. Commandant Fournier said he was inclined to believe Phaff was merely a very small cog in the huge machinery of American rum running.

IRISH SHIPBUILDERS' STRIKE ENDED

DUBLIN, Oct. 2. The Shipbuilding strike which has lasted two years has been settled, according to official announcement. It was said work would start Monday.
