

Three thousand duels were fought in the German Universities last year, most of them very harmless affairs.

A Connecticut gentleman has a peony in full bloom, the root of which was brought from England more than 200 years ago.

James Hall, the famous Aberdeen ship-builder, is dead. It is said there is not a port in the world where Hall's clippers are not known.

Mr. Bright has issued an order prohibiting smoking during office hours at the Board of Trade. This is a self-denying ordinance, indeed; for Mr. Bright is one of the most inveterate smokers in England.

In his charge to the Ministers of the Diocese at the opening of the session on Thursday, His Lordship the Bishop of Huron took occasion to condemn Mr. Gladstone's bill for the disestablishment of the Irish Church.

Some of the Southern Railroads are sadly out of repair. A local journal says of one of them: "This route is slow and sure. An experienced surgeon and undertaker are on every train. Passengers' valises will be taken care of, whether slightly, seriously, or fatally injured, or otherwise."

Something in the shape of a clarivari took place in the neighborhood of London on Thursday night. There were three serenaders. A young man belonging to the wedding party went out and requested them to desist, which they refused to do and becoming insolent, he laid two of them on the grass. But the three pitched into him, kicked out four of his teeth, broke his jaw, and otherwise injured him seriously.

HEADACHE.—How many ladies, both young and old, who are subject to Headache and Neuralgia, making them unfit to enjoy society, rendering life almost a burden, and robbing them of beauty, youth, and amiability of temper, for who can avoid looking haggard and old when the brain is crased with pain. IRON IN THE BLOOD.

The necessity of a due proportion of iron in the blood is well known to all medical men; when it becomes reduced from any cause whatever, the whole system suffers, the weakest point being first attacked, and a feeling of languor, lassitude and "all goneness" pervades the system. Stimulants only afford temporary relief, and have the same effect as giving a tired horse the whip instead of oats. The true remedy is to supply the blood with the necessary quantity of iron. This can be done by using the

PERUVIAN SYRUP,

a protected solution of the protoxide of iron, which is so prepared that it assimilates at once with the blood, giving strength, vigor and new life to the whole system.

To take medicine to cure diseases occasioned by a deficiency of iron in the blood, without restoring to the system, is like trying to repair a building when the foundation is gone.

An eminent divine says: "I have been using the Peruvian Syrup for some time past—it gives me new vigor, buoyancy of spirits, elasticity of muscle."

Pamphlets containing certificates of cures, and recommendations from some of the most eminent physicians, clergymen and others, will be sent free to any address.

The genuine has **PERUVIAN SYRUP** blown in the glass. Sold by all druggists.
