BECHER remarks that you often see a man with a little bullet head, having vigorous stomech to drive his body and any vigorous stomech to drive his body and a vigorous stomech to drive his body on book, and that poor and thin. To enable mind and body to endure protracted mential and physical exercion, there must be perfect direction and assimilat on of food, and the formation of pure blood to vitalize the organs and tissues. Dr. Wheeler's Compound Elisir of Phosphates and Calisaya perfects nutrition, and furnishes material for bone, miscle andnerve, to supply the waste of vital force going on from over work, dispipation, bad habits, and all pros ating diseases.
