Guelph, Jan 1, 1874

Primitive Methodist Conference.

The twenty-first annual Conference of the above Church commenced its sittings in Shaftesbury Hall, Toronto, on Friday morning, June 5th.

After devotional exercises, the following officers were appointed:—Revs. S. Antliff, President; J. Edgar, Vice-President; W. Reid, Secretary; J. Lidstone, Assistant Secretary.

The thanks of the meeting were tendered to the Rev. R. Boyle, the retiring president, for his able services to the Connexion during the past year.

The worthy President, the Rev. S. Antliff, late Superintendent of the English P. M. Missions, in thanking the Conference for the honor it had conferred upon him, stated that the present body would have an increase of over 4,000 members for the year. All the funds were in a healthy and prosperous condition.

The Rev. Mr. Morrison, who was delegated by the M. E. Conference to visit this Conference, was cordially received. He made a most suitable address, full of Christian kindness and brotherly love.

A hearty vote of thanks was tendered to him for his excellent address and Christian sympathy.

The meeting adjourned at 5 o'clock.

The Great Western Shops—Reduction of Time.

The Hamilton Times says:—"We regret to hear that the Great Western Railway Company have found it necessary to reduce the time of the men employed in the shops here to eight hours per day. We doubt not this step has been taken by the Management with much reluctance, as the Company has always endeavored to insure to its employees full work and at the best wages, but in common with most other interests at the present moment our transportation companies, both rail and steam, find it absolutely necessary to curtail their expenses in consequence, first of all, of the low margin that rates are yielding, and of the comparatively decreased tonnage on the move.

"A most unheard-of thing at this time is the fact that, just after the opening of navigation, there is so little demand for transportation that large numbers of vessels are tied up to the docks at Chicago and Milwaukee, and the great East and West lines, which have all, during the past two years, been so largely adding to their facilities, find a considerable portion of their rolling stock in the sidetracks waiting for the tide, which we hope will soon turn, and with it turn all the wheels and steam-wheels with produce for the seaboard."
