WEEKLY REVIEW. A comparison of the grain transactions that occurred on this market dure week ending today and those the week previous presents little matter for comment, there being only two or three items that show change enough to be of interest. Wheat has not altered any in price. The supply is probably lighter. Stocks in the case of some buyers have increased rather than diminished, showing a lack of sales of wheat products. At the close \$1 12 was the usual price for new wheat on this market, and no old wheat offer-

ing. Outside markets close lower. Oats present a good deal stronger appearance locally, and little or no alteration outside. Receipts for the week were very light, and the demand for private use quite heavy. These features caused the advance, make; no sales; 11½c bid. Market which at today's session was fully 3c to 5c above this day last week, 82c to 5c being the prices.

Barley sold at 78c for such as would

grade as feed. No deliveries or offerings of better grades.

Peas were scarce; No. 1 sold at \$1 to \$104, and feed at ,90c to 95c; demand

No other kinds of grain offered. Dressed hogs gained 25c per ewt during the week. The demand was good. Prices on Tuesday were \$6 for small iots of No. 1, with \$5 75, \$5 80 and \$5 90 paid for large lots of the same quality. Heavy hogs unchanged.

One or two shipments of live hogs were made during the week, prices ruling being \$4 to \$4 15, \$4 10 being the

Young pigs were slow, there being few buyers, and those who did want them were very bearish, and crowded the market till there was little or no price left, some sales being made at \$2 a

CHEERED BY THE TRADERS

Laurier at the Chicago Board of Trade -An Enthusiastic Farewell.

Chicago, Oct. 11 .- Sir Wilfrid Laurier and party were the guests of Canadian-Americans yesterday at an informal luncheon at the Great Northern Hotel. Over a hundred guests were present. The guests began by drinking the health of President McKinley and following by doing like honor to Queen Victoria, with appropriate toasts. Sir Wilfrid Laurier respondent to the toast, "Canada," and was frequently interrupted by applause. Mayor Prefon-taine, of Montreal, spoke on the inti-mate commercial relations between Canada and the United States, and urged even closer union along the lines of trade. Sir Alphonse Pelletier and Hon. Richard R. Dobell also made brief addresses. Governor Tanner and Mayor Harrison spoke briefly. Premier Laurier and his party visited the board of trade shortly before noon port clearances were 1,229,000 bushels and were given a decidedly lively welcome by the bulls and bears in the grain pits. The Canadian premier, after being welcomed by President R. S. Lyon, Secretary Stone and others, was escorted to the private gallery, His entrance was the signal for a temporary cessation of business, and the traders, climbing on chairs, tables and even on each other's backs, yelled their greetings to the visiting Canadians. In response to calls for a speech, Premier Laurier responded briefly. He said that as his effort to obtain better social and commercial relations with the United States had been partially successful, he was happy. He also said that Canada was the best purchaser the United States had, man for man. In the afternoon the

party were driven through the parks and over the boulevard system. Sir Wilfrid and his colleagues, with the exception of Mrs. Dobell and Mayor Prefontaine, left the Dearborn station last night for Canada. The depot was crowded with cheering people as the train pulled out.

GOOD DOCTORS.

Are Quick to See and Appreciate Real Merit in Any Preparation-Many of Them Are Now Purchasing Stuart's Dyspepsia Tablets in All Stomach Troubles.

Stuart's Dyspepsia Tablets are a discovery of great value to the medical profession and the public. They are an unfailing specific in all cases of dyspepsia and disordered digestion.

Almost everybody's digestion is dis-

ordered more or less, and the com-monest thing they do for it is to take Robberies of letters in Kingston some one of the many so-called blood purifiers, which in many cases are merely strong cathartics. Such things are not needed. If the organs are in a clogged condition, they need only a little help, and they will right themselves. Cathartics irritate the sensitive linings of the stomach and bowels, and often do more harm than good.

Purging is not what is needed. The thing to do is to put the food in condition to be readily digested and assi-milated. Stuart's Dyspepsia Tablets do this perfectly. They partly digest what is eaten and give the stomach just the help it needs. They stimulate the secretion and excretion of the di-gestive fluids and relieve the congested condition of the glands and membranes. They put the whole digestive system in condition to do its work. When that is done, you need take no more tablets unless you eat what does not agree with you. Then take one or two tablets—give them needed help, and you will have no trouble.

It's a common sense medicine and a common sense treatment, and it will cure every time. Not only cure the disease, but cure the cause. Goes about it in a perfectly sensible and scientific

Mrs. E. M. Faith, of Byrd's Creek, Wis., says: "I have taken all the Tab-lets I got of you, and they have done their work well in my case, for I feel like a different person altogether. I don't doubt if I had not got them I should have been at rest by this time."

H. E. Willard, Onslow, Ia., says: "Mr. White, of Canton, was telling me of your Dyspepsia Tablets curing him of dyspepsia, from which he had suf-fered for eight years. As I am a sufferer myself, I wish you to send me a package by return mail." Phil Brooks, of Detroit, Mich., says:

"Your dyspepsia cure has worked won-ders in my case. I suffered for years from dyspepsia, but am now entirely cured and enjoy life as I never have before. I gladly recommend them."

It will cost 50 cents to find out just how much Stuart's Dyspepsia Tablets will help you. Try them—that's the best way to decide.

be remembered in the community as a be remembered in the community as a red letter day, especially amongst the Methodists. It was the inauguration day for the 20th century thanksgiving fund. Few people enjoy greater temporal and spiritual advantages than the people of this continued. than the people of this section, and they know how to give thanks for these blessings. On Sunday morning, in the Methodist Church, the pastor, Rev. S. Salton, asked the congrega tion for a thanks offering of \$500. Some smiled, others looked puzzled After preacing an appropriate sermon on the subject of "The Progress of the Century," based on the Scripture, "Ye have not passed this way heretofore," he proceeded to solicit subscriptions in a novel manner. He raised a large wooden cross in the pulpit upon which were printed texts and mottoes, but these were hidden by figures of various denominations, ranging from \$10 down to 50 cents, the whole representing \$400. The tens were all taken off in a few minutes, some taking two or three of them; then the fives went off like hot cakes until the whole were taken off, and in about half an hour the \$400 had been raised. The pastor was going to stop here, the enthusiastic congregation urged him to put another hundred on the cross. In the evening this was done, and when all had been subscribed he had to put more cards on. The result of the day's work totalled \$540. This Give Holloway's Corn Cure a trial. It removed ten corns from one pair of feet without any pain. What it has done it will do again.

On the day's work totalled \$540. This will undoubtedly be increased by the collection to \$600. The evening service took the shape of a platform meeting, and splendid addresses were given by Messrs. John Parsons, Robert

Luker, Richard Hicks, John Essery, and Mr. T. Carling, of Exeter.

John R. Clark, the prince of orators, lectures here next Tuesday night on "To and Fro in London." The Methodists are fortunate in securing this eminent mimic and orator.

Obituary.

MRS. JANE GRIFFITH. One of the oldest and most highly

esteemed residents of Westminster township passed away yesterday in the person of Mrs. Jane Griffith, relict of the late Eli Griffith, at the residence of her daughter, Mrs. J. W. Cawrse, on Brick street, township of Westminster. Death was due to old age. Deceased was over 92 years of age, and had resided in Westminster for about 80

years. Mrs. Griffith came to Canada from the Lowlands of Scotland with her parents in 1819, and settled in Hamilton. Shortly after they removed to London township. Deceased was married when but 18 years to Nathan Griffith, her first husband, who died in 1864. A few years later she was united in marriage to Eli Griffith, a brother of her former husband. The latter died in 1878. Mrs. Griffith was blessed with seven children by her first husband. They are Mrs. E. McNames, Ann Arbor; Mrs. McLaren, London township; Mrs. McDonald, of West-minster; Mrs. R. Haldane, Strathroy; Mrs. Cawrse, Brick street, Westminster; Nathan, of Lobo, and George, of Westminster. Mrs. Griffith was a lifelong Christian, and joined the Brick Street Methodist Church when it was first established. She was a member and an earnest worker for a great many years. Her door was always open to those who were in want.

The funeral will take place tomorrow afternoon to Brick Street Cemetery. Rev. Mr. Fisher, of Glanworth, will conduct the services.

BLACKSMITH'S STATEMENT.

Mr. M. B. Connick, of Middleton, P. E. 1 Makes a Strong Assertion.

Middleton. P.E.I., Oct. 9 .- The strongest point in favor of Dodd's Kidney Pills is that they will cure Bright's Disease; and the next strongest is that there is no other medicine that will. Mr. M. B. Connick, a blacksmith on Prince Edward Island for this last quarter of a century, found this out. He had tried every medicine but the right one, and then, learning that Dodd's Kidney Pills were the only cure for Bright's Disease, he tried them.

Ten boxes cured him.
"I would not be alive and strong today," he wrote recently, "if it were not for Dodd's Kidney Pills. All the country knows my case, and there have been hundreds to ask me about it. 1 tell them the whole thing just as it happened, and give the sole credit of my cure to Dodd's Kidney Pills."

Marriages average about 3,000 a day on this mundane sphere. TO CURE A COLD IN ONE DAY. Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. 25c. E. W. Grove's signature is on each box.
