## A PIANO TRADE ROW.

Hamburg Pianos sold to be From Hamburg - The Steinways Imposing on Nordheimer.

There is considerable agitation in the piano trade over the alleged sale by a Canadian firm of Hamburg Steinway pianos for American built Steinways. What the facts of the case are it is hard to say, for trade jealousy appears to have a great deal to do with the row. What is given below is mainly taken from a New York weekly called Music and Drama edited by one Freund.

The Steinway house in New York have issued a statement in the matter. They say that as a result of the strike of 1920 they decided to establish a factory in Hamburg, the castings and several other parts being shipped thereto from the Steinway factory in New York. About 150 men were employed in Hamburg, turning out fifteen grand and upright pianos a week. The Canadian concern is headed by Messrs. A. & S. Nordheimer of Toronto, and they gave "the same perfect satisfaction that all Steinway pianos have given."

Of course the point at issue is not against the Steinways and the Nordheimers is that they sold these pianos in Canada as American makes, and got the price of the latter there, though it is alleged the public would not give the big price of a New York Steinway for a Hamburg Steinway if they were aware of the facts, and they quote an instance of a Toronto gentleman who bought a piano from Messrs. Nordheimer, and when he found it was not American built, compelled them to give him such a one. One version of the affair is that Mr. Nordheimer was imposed on by the Steinways and did not know that he had been supplying German goods to his patrons.

Inhalation is a system of treating pulmonary disease by breathing vapors of remedies into the lungs, and was introduced into Canada in 1863 by Dr. J. Joseph Malin, 23 St. George street, who was a physician from France, personally or by letter.

The Black Crook at the Grand. Manager Sheppard has made the most complete arrangements for the presentation of the great spectacle, the Black Crook, at the Grand opera house this week. Things are to be done on a scale of splendor never surpassed in this city. It is only to be hoped that Mr. Sheppard will be rewarded for his enterprise and labor, by the success of the presentation of the play in Buffalo, the Express of that city said: "Last evening the theatre was crowded to witness the spectacle as brought out under the management of the Kiralfy Brothers. Standing room was at a premium in nearly every part of the house, and a better satisfied audience could not be asked even by an exacting management. Care and detail were observed in mounting and the piece ran very smoothly for a first night. While some of the stage effects are old their beauty is little marred, and the great skill laid evidently displayed in their arrangement. It was indeed a revival of the spectacle which set people so by the ears many years ago—people who had a little of color and piece no longer thought so."

The entertainment was a pleasing one throughout. The ballet is a credit to the showing careful training and considerable artistic skill. Miss De Rosa and Miss Astorgians also merit a deserved commendation. The coryphæes are handsomely costumed and do good work.

"Of the speaking characters nearly all made the most of their lines, and in investing the piece with a certain degree of interest. Miss Rose Wynn, the Stalder, has beautiful face and graceful figure, and made a good impression. She has been with the company since a few days. Miss Lavinia, who plays the role of the girl who is in love with the Stalder, is admirably beyond question. The specialties introduced are all entertaining. Better athletes than the circus are to be found. The exhibition of ventriloquism made a hit also, as did the Martens in their songs of the night. Most of the Kiralfy specialties were very good. There is a fine exhibition of the grotesque dancing in which he excels, and was warmly applauded. There is nothing to find fault with the Crook as given last night, and much to commend."

As an oculist is to alkali so is St. Jacobs Oil of course the one who should neutralize the other. St. Jacobs Oil is the greatest pain-neutralizer of the age.

Happy Dumpty on the Wall. Commencing on Wednesday night at the Royal opera house, Havell's pantomime company will open a four nights' engagement with a Saturday matinee. The Indianapolis Times says of the company: "Havell's Happy Dumpty and drawing room circus is decidedly novel, and has many new and entertaining features. The performance is opened with a funny two-act pantomime, which is followed by a regular circus in a ring constructed upon the stage, in which it follows with rapid changes, and the audience last night was kept in an uproar of laughter. The Venetian, hat spinners, do some very clever business, while Aroline Daly is one of the most remarkable contortionists ever seen in this city. Mat. McDermick was very good in this act. A Vision of Enchantment, and the acrobatic feats of Evans and Journois were astonishing. The trick ponies and trained dogs were all good, and altogether, the show is well worth seeing."

The Q. O. E. Entertainment. The Royal opera house will probably hold the largest and most enthusiastic military gathering of the season to-night, on the occasion of the regiment's annual entertainment. There has been such a demand for seats that it has been decided to continue the performance for two nights, which will give an opportunity to all the friends and admirers of the corps to attend. The sale of seats has been marvellously rapid.

"The Only One in America." The International Throat and Lung Institute, Toronto and Montreal, is positively the only one in America where diseases of the air passages alone are treated. Cold inhalations are used through the Spirometer, an instrument or inhaler invented by Dr. M. Souville, of Paris, a prolific surgeon of the French army, with proper dietetic, hygienic and constitutional treatment suitable to each case. Thousands of cases of Catarrh, Laryngitis, Bronchitis, Asthma, Croup, and Consumption have been cured at this institute during the last few years. Write for enclosing pamphlet, giving full particulars and reliable references to 173 Church street, Toronto, Ont., 15 Phillips square, Montreal, P. Q.

## OVER THE DOOR.

The friends of Mr. Bain, liberal conservative candidate for East York in the local legislature, residing in Nos. 3 and 4 divisions, meet at the Tramway hotel to-morrow night for the purpose of organization. Mr. P. S. Farnden wishes to inform the numerous enquirers that he is not a candidate for the local legislature this year, having retired unconditionally in favor of the national policy candidate, Mr. John Bain.

Her Majesty's Opera Company. The people of Toronto will be pleased to learn that arrangements have been made with Col. Mapleson for two performances in the Grand opera house of grand opera. The dates fixed upon are Monday, Feb. 12th and Tuesday, Feb. 13th. It is almost needless to say the company have met with unparalleled success in all the large cities in the States. After giving eight performances in Cincinnati, the company were compelled to cancel their engagement in Louisville, Ky., in order to give two extra nights, so that people who had previously been unable to obtain seats might have an opportunity to hear the great Canadian cantatrice—Miss Alvan. The company, numbering in all 125 persons, will arrive here by special train from Detroit on Sunday morning. Col. Mapleson has decided to include in the list of cities to be visited by him in his American tour if the received sufficient encouragement on this point by the fact that Madame Serravallo, the greatest singer in the world, is to be included in the tour. It is almost certain that under these conditions the visit will be a very one. Col. Mapleson, who himself is a thorough Englishman, is very anxious to gratify the taste of her majesty's British subjects and expects, as he observes, a hearty welcome. The fact that Madame Serravallo is Canadian is sufficient to our hearts, and we shall be grievously disappointed if she does not appear in the list of cities to be visited by her in her American tour. Madame Serravallo, who is also with the company, who has heard her tell us that a Seneca, she carried the house away from Paris here. The music will be conducted by Signor Arrighetti.

On Monday, Feb. 12, Verdi's magnificent opera Il Trovatore is to be given with the following cast: Ferruccio, Signor Rinaldi; Conte de Luna, Signor Galassi; Fernando, Signor Monti; Lucia, Signor Rinaldi; Azucena, Madame Serravallo; Leonora, French-Maid. On Tuesday Madame Serravallo will appear as Lucia in Donizetti's charming opera Lucia di Lammermoor, accompanied by the following cast: Ferruccio, Signor Rinaldi; Conte de Luna, Signor Galassi; Fernando, Signor Monti; Lucia, Signor Rinaldi; Azucena, Madame Serravallo; Leonora, French-Maid. On Wednesday, Feb. 13, the opera Lucia di Lammermoor, composed and arranged by Signor Arrighetti, will be given. The company bring with them a full orchestra and a full complement of seats for the two performances will open this morning at 8 o'clock. The price for the two nights will be 45 for the parquet and orchestra, 35 for the gallery, and 25 for the boxes, \$1 for the gallery, and \$1.50 for general admission.

D. O. Judd, Esq., U. S. Postal Card Supr., Holyoke, Mass., says he has used St. Jacobs Oil for rheumatism and neuralgia, and recommends it to his friends.

## THE WORLD OF WORMS.

Sacred things—monks. When humanity is convinced, its charity is unbounded.

"Come down said the young man stroking his chin. The Stalder has beautiful face and graceful figure, and made a good impression. She has been with the company since a few days. Miss Lavinia, who plays the role of the girl who is in love with the Stalder, is admirably beyond question. The specialties introduced are all entertaining. Better athletes than the circus are to be found. The exhibition of ventriloquism made a hit also, as did the Martens in their songs of the night. Most of the Kiralfy specialties were very good. There is a fine exhibition of the grotesque dancing in which he excels, and was warmly applauded. There is nothing to find fault with the Crook as given last night, and much to commend."
