Toronto. GETTING READY FOR THE FAIR.

of Preparation On the Grounds - I Look Through the Buildings.

Look Through the Buildings.

At the Exhibition Grounds everything is bustle and activity in view of the necessity of getting all preparations for the Toronto Industrial Fair completed in time for the opening on Sept. 3. A large force of men are at work in the grounds and the different buildings under direction of Superintendent Swift. On the west side of the Annex, the location occupied by the Congress of Nations last year, a temporary building is in course of construction, in which the "Living Pictures" will be shown. A much-needed improvement is being made in the removal of the fences in the rear of the grand stand, which will give the public more convenient access to the restaurants beneath the stand.

Everything is activity and temporary chaos in the Main Building, where a throng of exhibitors are making preparation for the display of their goods to the best advantage. The grand orchestra stand, which replaces the fountain in the centre, is now almost finished, and when completed will be a decided ornament to the interior scene.

In Machinery Hall the engines of electrical appliances for the Royal Electric Co. of Montreal and Messrs. Leonard & Co., London, are being put in and got in working order. Various other needed alterations are also in progress, and everything bids fair to be in readiness by the time appointed. In the Carriage Building the artists who have in charge the preparation of the extensive and costly scenery for the "Siege of Algiers" fireworks spectacle are almost ready to vacate and the building to be put in its legitimate purpose, their work being nearly finished. The task has been accomplished in a very effective and artistic manner.

A large exhibit of drawings, plans, &c. will be forwarded from the Technical

mplished in a very elective and artise manner.

A large exhibit of drawings, plans, &c.
ill be forwarded from the Technical
chool, showing the progress made by
ne students in the studies pursued.

The professional art exhibition, which
ill as formerly be under the managenent of the Ontario Society of Artists,
which is the average in marit and comment of the Ontario Society of Artists, promises to be superior in merit and comprehensiveness to previous collections. A few of the leading exhibitors are: 6. A. Reid, whose "Autumn" will have a prominent position; J. C. Forbes, who sends a western leandscape entitled "A Canon in the Rockies"; W. Cruickshank, whose display includes "Breaking the Road," a winter landscape; W. A. Sherwood, with a dozen or so pictures, including "Tired Out," showing a couple cluding "Tired Out," showing a couple of weary newsboys and a full-length portrait of Miss Mary Patterson, Ernest Thompson, who forwards his "Awaited in Vain"; T. M. Martin and M. Matthews, who show a number of effective Canadian landscapes; M. Manly, H. Williamson, W. E. Atkinson, etc.

Experimenting With Snake Bites Experimenting With Snake Bites.

New Orleans, Aug. 22.—Prof. George Beyer, curator of Tulane University Museum in this city, allowed himself to be bitten in the finger by a young rattlesnake on Monday in order to determine if a person can be inoculated and rendered proof against the venom of serpents. In the course of a few hours the finger became swollen to twice its normal size. The Professor said that during the week he would allow himself to be bitten again. He does not think the bite will prove fatal, because a young snake cannot emit as much poison as an old one. The sensation was very much like the sting of a bee, but the pain was intense. Prof. Beyers' object in experimenting is sting of a bee, but the pain was intense. Prof. Beyers' object in experimenting is to prove that by the gradual absorption of a snake's venom the system will become inoculated, and a person in that condition can be bitten without the result proving fatal.

By our advertising columns it will be noticed that the Grand Trunk are runoning very cheap excursions to Kingston, Ottawa, Montreal, Quebec, Portland, St. John and Halifax at less than single fare John and Halifax at less than single fare or the round trip. They are good from aug. 31 to Sept. 18 for the first four named places, and from Aug. 30 to Sept. 20 for the balance. This is a grand opportunity to visit the eastern cities and the seaside. The tickets are good on all trains on the dates mentioned, and are good for the reservation of sleeping and drawing room accommodation. The Grand Trunk is double-tracked between Toronto and Montreal, and their entrance to Quebec admits of a grand yiew of the citadel, the stronghold of North America, and the city of Quebec. No other railway can give this view.

How Argentina Punishes Anarchists. Valaparaiso, Aug. 22.—Uruguay is anxious to join the anti-Anarchistic movement. A citizen of Argentina, Cardoze, has been arrested at Montevideo for abetting an attempt to blow up the Government House. He has been condemned to serve as a common soldier in the 4th Battalion of Chasseurs. Cardozo was for-

Rusiness Troubles. The creditors of G. Hutchinson & Son, Alliston, met at Henry Barber & Co's office yesterday. No satisfactory offer was made and the stock of goods is to be The meeting of creditors of the estate

of James Eaton & Co. will be held on Friday afternoon in Assignee Campbell's The creditors of Stevens & Burns, ag-The creditors of Stevens to Bulling, and in that city on Tuesday. The statement shows assets of about \$240,000, and gross liabilities of \$180,000, leaving a nominal credit balance of \$60,000. The assests liabilities of \$180,000, leaving a nominal credit balance of \$60,000. The assests consist of customers' paper to the amount of \$130,000 or over, of which \$120,000 is held between the Union Bank of Winnipeg, the Bank of British North America and the Bank of Commerce, nearly half of which is now past due; the plant, valued at \$95,000, and other items amounting to about \$25,000. The liabilities are made up of two mortgages aggregating \$38,500; bank discounts of nearly \$100,000; bills and accounts payable of \$40,000, and \$2400 of preferred claims, including \$1,439,91 wages.

The statement was discussed at some length, and finally it was resolved to adjourn the meeting for two weeks in order journ the meeting for two weeks in order to give the firm an opportunity to arrange some of the more pressing claims and resume business without delay. Messrs M. D. Fraser, Manager Ingals of the Bank of British North America, A. G. Rumball, A. R. Williams, Toronto, and George C. Gibbons were appointed inspectors.

DEAR SIRS,—I have used Yellow Oll for two or three years and think it has no equal for croup.

Mrs. J. E. O'Brien, Hantaville, Ont. 246

Monthly Bank Statement.

The report of the chartered banks reflects a quiet trade in the Dominion during July. The note circulation of our banks at the end of the month was only \$29,801,772, or a contraction of \$452,-387, while deposits increased \$1,650,000. The discounts of commercial paper were reduced over four millions, and are now \$202,720,760. Both specie and Dominion notes held by the banks increased about \$1,000,000. Balances due our banks from agents in the United States increased \$1,600,000 during July, and are now \$17,251,515, showing that money cannot be employed here to much advantage.
