Markets.

Toronto Markets.

"CANADA FARMER" Office, July 14, 1866.

We have no particular changes to notice since our last issue. Trade, on the whole, has been dull; and until some portion of the harvest is secured, it is probable there will not be much improvement.

Wheat.—The market for the week closes dull and drooping. Receipts have been 1,722 barrels; sales, 200 barrels on private terms; 100 barrels No. 1 at \$7 40; 200 barrels No. 1 at \$6 40; 300 barrels extra offered at \$7, without buyers, 37 barrels middlings at \$4 40; 200 barrels do at \$4 70. Two higher grades were not offering.

Wheat.—The market continues very dull, there being too little doing to establish strictly reliable quotations. No improvement can, we think, be looked for until the present season's yield is harvested, and placed in market. At present, however, prices here are higher than in the foreign markets, and it will require considerable time to turn the scale so as to afford a shipping margin. Receipts, during the week, 7,577 bushels. Sales, 200 bushels spring at \$1 50, 500 bushels at \$1 45; 900 bushels at \$1 45, 4,900 bushels on pt., 350 bushels fall wheat at \$1 60; 1,000 bushels fall wheat at \$1 65.

Wheat.—There has been in demand during the week with few offerings, receipts during the week, 900 bush., sales 400 bush. on pt. L. Oats.—The market has been dull, receipts for the week 1,900 bush.; sales, 1,300 bush. at 32c, selling on the street at from 31c to 32c.

Provisions.—The market has been rather brisker during the week. In butter the demand is quite active, the market manifesting something of a speculative feeling. Dealers quite generally think prices will be in fact. Butter has been selling at from 16c to 17c. Eggs scarce and selling at 11c. A sale of 900 dozen is reported at 10c. Small lots would bring 11c. Meat Pork is offered at \$2 25; Prime H's \$2 1/2 Bacon 11c to 11 1/2c. Cheese—New factory at 11 1/2c. Lard—No demand; prices remain nominal at 12 1/2c to 11 1/2c.
