# EVENINGS WITH THE BIBLE.

## BY ISAAC ERRETT, A.M.

Author of "Walks About Jerusalem," Talks to Bereans," Letters to a Young Christian," Etc.

INITED WORK CONTAINS THREE VOLUMES. Nos. I. and II. are devoted to the OLD I TESTAMENT, and No. III. to the New. Each chapter is complete in itself, so that any one can sit down for an evening and read a complete story of some character or incident in BIBLE HISTORY. Every one who reads it is delighted with it. The following extract from the preface will give an idea of the character of the work :-

"These Bible Readings and Meditations are intended to encourage a more devotional study of the Scriptures. They are not intended to be either critical or controversial—to combat theological errors or to deal with the doubts created by the materialistic school of scientists; but to encourage the believer to such a study of the Bible as will feed his soul and bring him into closer fellowship with God.

"It is not enough that we read the Bible and learn what was said and done, at this time or that, in behalf of this or that person, or family, or nation; it remains to learn what in all this is the lesson for us, the truth that we can appreciate for our own spiritual growth."

## RUPTURED

Rio., 20 West Queen Street, Torouto Ontario.

DEAR Sim.—I have been ruptured about thirty, three years. My sufferings during that time have been intense and can only be appreciated by those similarly conditioned. My business as car penter and joiner (as all know) demands considerable muscular exertion, frequently have I been compelled to quit work, although at the time wearing Trusses made by the most prominent makers. I could not stand erect, and often had to its down to ease my sufferings. All the Trusses I have worn have been utter fallures. It has been one long round of nuisery and mestal against, less of time and physical corture. About six months ago, thank (lod, I heard of your great amoses in the treatment of Rupture cases. The appliance you adjusted gars me, I can wall remember, a feeling of support never before experienced by me, and has so continued to the present day, I am now comparatively a new man. Provious to this I could not stoop to the my shoe, no matter what Trues I had on, if I got all Toronto, without my rupture coming out. To add to the difficulty I have suffered with a violent cough for years, but in the face of all this your grand appliance has held me secure all the time while doing the hardest work. Only two days ago I carried a bundle of green shingles up on a two-storey building and not a "budge." I never could or dare attempt such a thing before withered danger of my life. To crown all, I have worn and continue to wear your appliance with great comitor, for all of which I feel deeply inder at term your admitted the proving and the proving the pro

## A Vision of the Ages;

LECTURES ON THE APOCALYPSE. A Complete View of the Book of Revelation.

By B. W. JOHNSON.

When I began the study of Revelation no night of the present work had entered my od. The splender of the imagery and the slimity of its descriptions had always attractme, but I have read as one who walks ough an unknown and mysterious country. It many others, I believed that the book could not be understood, and was ready to prenounce the man a visionary who sought to interpret John's visions. Several years have passed since I entered serioudy upon the study of the book. I was led to do so by the reflection that the Word of the Lord was not composed of enigmas and dark sayings which no man could understand; that it was all written "for dectrine, for reproof, for correction, for instruction in righteousness," and hence must be written in such a way that it could be understood; that a special blessing was pronounced upon those who hear and keep the words of the prophetic portion must have been dualitied before this last quarter of the nineteenth century, and therefore be explained by the corresponding events of history. In my studies I ever kept in mind that the book is a series of symbolical picturers, in their order, with history, beginning at the date of John's exile so l'atmos, I have been enabled to evoire what is to me a satisfactory view of the whole scope of Revelation.—
