IT IS A WELL KNOWN FACT THAT

MCCOLL'S 'LARDINE'

is the best known, and most reliable Machine Oil in the Dominion; Farmer's, Thresher's and Mill Owner's will find it decidedly to their advantage to invest in getting the "Genuine Lardine" when they buy for it, owing to so much inferior oil being sold under the same name by unscrupulous dealers. We are the sole manufacturers of the "Genuine Lardine" - Every barrel branded.

CARBOLIC SMOKE BALL AND DEBELLATOR.

Cures Catarrh, Asthma, Bronchitis, Loss of Voice, Catarrhal Deafness, Hay Fever, Throat Troubles, Ulceration of the Lungs, Whooping Cough, Croup, etc. Read what a prominent physician says of it. VICTORIA, B.C., October 30, 1888. Carbolio Smoke Ball Co., Toronto, Ont. In reply to your request for a testimonial from my professional experience with your Carbolio Smoke Ball Debellator, I take pleasure in stating that I have used the Smoke Ball personally two years ago for nasal catarrh and slight deafness while practising in San Francisco—at the request of Dr.uner—and I frankly confess that my prejudices were removed, and my catarrh completely cured, nor has there been the slightest symptom of the return of either since the third application. I have recommended its use to hundreds of my patients, and in every single case have experienced the most satisfactory results. I am, gentlemen, Yours faithfully, G. HAMILTON GRIFFIN, M.D.

DEAFNESS CURED.—A very interesting 132 page illustrated Book on Deafness. Noises in the head. How they may be cured at your home. Post free 3d.—Address DR. NICHOLSON, 30 St. John Street, Montreal.

Use Campbell's Cathartic Compound for Liver Complaints and Bilious Disorders.

A CLOTH saturated in kerosene and dipped into whiting, for cleaning tinware is much better than anything else used.

DAVIS' PAIN KILLER is the best medicine in the world for all Diseases of the Bowels.

SIMPLE REMEDIES.—An excellent remedy for a cough is a simple flax-seed tea, made as follows: Pour over an ounce of whole flax seed a pint of boiling water; let the tea stand on the back of the stove for twenty minutes, then strain and add the juice of three lemons and honey and loaf sugar to sweeten.

UPHOLSTERED furniture must be brushed and carefully looked over to see that moths have not found a home in it. If traces of these are found, go all over it with a sponge wet in pure benzine. When this is done, do not have a fire or lamp in the room, nor for some days afterward. Leave the windows open that the scent may evaporate.

ROAST RABBITS.—Wild rabbits are highly esteemed as food by those who have eaten them. Skin, draw and wash the rabbit and hang it over night. The next day prepare a dressing similar to that for a turkey, and lard the breast or lay thin strips of bacon across it with skewers. An ordinary rabbit will require about an hour, or longer if large.

A SPECIAL OFFER.

To any New Subscriber who will send \$1.75 for a year's subscription to THE YOUTH'S COMPANION, the paper will be sent free to Jan. 1, 1889, and for a full year from that date. This offer includes the Four Holiday Numbers, the Illustrated Weekly Supplements, and the Annual Premium List, with 500 illustrations.

SILVER DIP SYRUP.—The best and cheapest syrup for cakes is made at home. To make a gallon of syrup take five pounds of sugar, add one quart of hot water. Set on the back of the stove and melt slowly. When thoroughly melted, pull the kettle for ward where it will boil. After the syrup has boiled ten minutes rapidly, remove it from the fire, and when cool pour in a demijohn for use.

For Delicate, Sickly Children

Scott's Emulsion is unequalled. See what Dr. C. A. Black, of Amherst, N. S., says: "I have been acquainted with Scott's Emulsion of Cod Liver Oil, with Hypophosphites for years, and consider it one of the finest preparations now before the public. Its pleasant flavour makes it the great favourite for children, and I do highly recommend it for all wasting diseases of children and adults. Put up in 50c. and \$1 size.

CABBAGE PICKLE.—Take enough cabbage (small compact heads are best) quartered, and tied up to prevent the leaves from falling apart, to fill a two-gallon jar. Boil in brine till nearly done enough to eat. When cold, press the cabbage between the hands to get out the brine. Pour over the cabbage cold vinegar and let it stand several days or weeks even. Then take a gallon of strong vinegar, in which boil two ounces of cinnamon, a few pieces of rice ginger sliced, one-fourth of a pound of white mustard seed, one ounce of celery seed, a cupful of made mustard and two pounds of brown sugar. Squeeze the cabbage out of the first vinegar, removing the twine. Cover with the boiling mixture and it will be fit for use in a few weeks. The secret in making good cabbage pickle is cooking it long enough.

YEAST FROM THE START.—Boil for half an hour one ounce of hops in two quarts of water. Strain and cool to milk warmth, and add half a handful of salt and half as much brown sugar. With this mix smoothly one-half pound of flour. Cover and keep where you would keep bread to rise, stirring frequently. The eighth day wash, boil and mash without paring one and a half pounds of potatoes. When milk warm add to the yeast and return to its place, stirring as before. Let it stand till the next morning, when, after straining through a fine colander, it is ready for use. One large spoonful of yeast to a pint of water for bread. It will keep three or four weeks in summer and in winter till used up. Even when it gets quite sour it does not affect the sweetness of the bread.

CATARRH.

A New Home Treatment for the Cure of Catarrh, Catarrhal Deafness, and Hay Fever.

The microscope has proved that those diseases are contagious, and that they are due to the presence of living parasites in the lining membrane of the upper air passages and out-wardly directed tubes. The eminent scientists—Tweedall, Huxley and Beale—endorse this, and these authorities cannot be disputed. The regular method of treating these diseases is to apply an irritant remedy weekly and even daily, thus keeping the delicate membrane in a constant state of irritation, accompanied by violent sneezing, allowing it no chance to heal and as a natural consequence of such treatment not one permanent cure has ever been recorded. It is an absolute fact that these diseases cannot be cured by an application made oftener than once in two weeks, for the membrane must get a chance to heal before any application is repeated. It is now seven years since Mr. Dixon discovered the parasite in catarrh and formulated his new treatment and since then his remedy has become a household word in every county where the English language is spoken. Cures effected by it in seven years ago are still there having been no return of the disease. So high are these remedies valued, and so great is the demand for them, that ignorant imitators have started up everywhere, pretending to destroy a parasite—of which they know nothing by some of the results of the application of which they are equally ignorant. Mr. Dixon's remedy is applied only once in two weeks, and from one to three applications effect a permanent cure in the most aggravated cases. N.B.—For catarrhal troubles peculiar to females this remedy is a specific. Mr. Dixon sends a pamphlet describing his new treatment on the receipt of one cent in stamps. The address is H. Dixon & Son, 31 King Street West, Toronto, Canada.—Scientific American.

Sufferers from catarrhal troubles should carefully read the above.
