SMUGGLER AND MONTE CHRISTO.

Some time since pointers were given out to buy Smuggler. Last week the stock rose from 14 to 15, up to 16 1/2 to 20, this rise has been followed by a setback to 15 to 16. The slumps in Monte Christo to 20 1/2 has frightened many holders and caused a selling movement in it, and other mining shares. We are assured that Monte Christo is "all right." That there are over 2000 feet of workings below ground and a large quantity of shipping ore on the dump.

No more ore will be shipped until the spur line is built. This bear movement is evidently inaugurated by insiders in order to hammer the stock with a view to pick it up at a lower price. The new plant is actually bought and it would be advisable for present holders of Monte Christo to retain their stock and buy more on declines. It is reported that C.P.R. men, interested in the stock, have advised selling, this we think is incorrect, in fact we have positive information to the contrary.

**"Quadruple"
Fake.**

Its a popular delusion that plated ware stamped Quadruple has been plated four times.

Its not the case. There is nothing to prevent a dishonest manufacturer from stamping Quadruple on the flimsiest plated ware.

But if you see this trade mark **W. ROGERS** on knife, fork or spoon you may know that the plate is of the best quality—the kind that will look well in 20 or even 30 years. Its the trade mark and guarantee forth is class of plate of the celebrated silversmiths.
