

# Indigestion

## HORSFORD'S ACID PHOSPHATE.

Prepared according to the directions of Prof. E. N. HORSFORD.

This preparation promotes digestion without injury, and is pleasant to the taste.

It consists of phosphoric acid combined with the phosphates, forming an important and active principle and essential element of the gastric juice of the stomach. This fluid is necessary to a perfect digestion, and if the stomach is not supplied with it, indigestion will result.

Dr. E. V. WRIGHT, Saratoga Springs, N. Y., says:

"The peculiar combination of phosphates renders it most valuable in the treatment of digestive disorders."

Dr. E. J. WILLIAMSON, St. Louis, Mo., says:

"Marked beneficial results in imperfect digestion."

Dr. F. G. MCGAVOCK, McGavock, Ark., says:

"It acts beneficially in obstinate indigestion."
