EXTRACT FROM SPEECH OF THE HON. A. MACKENZIE, M.P., PRESIDENT OF THE NORTH AMERICAN LIFE, AT ITS LAST ANNUAL MEETING.

It is not my intention to criticise in a hostile spirit any of our rival companies, but I propose to contrast our position with that of some of the home companies by quoting from published or official statements in a fair legitimate application of the figures.

I bespeak your close attention to these statements:

Policies issued during the fifth year of our Company, \$1,986,500; Confederation Life, \$1,650,746; Sun Life, \$952,504; Canada Life, \$389,296.

The premium income of the same companies for the fifth year of their existence was as follows: North American Life, \$151,318.15; Sun Life, \$95,737.99; Canada Life, \$37,692; Confederation Life, \$119,652.57.

In other words our premium income for our fifth year is \$35,766 larger than that of the most successful of our competitors in its fifth year.

Another material element of success is the amount of business in force. We are able to refer with pardonable pride to our position in that respect. At the end of the fifth year it was as follows: North American Life, \$4,549,237; Confederation Life, \$4,004,959; Sun Life, \$2,414,063; Canada Life, \$1,306,304.

In respect of terminations the North American occupies a good position, as the following statement will show: Ratio of terminations to new business, North American, during fifth year, 40.21; Confederation Life, during thirteenth year, 45.82; Sun Life, during thirteenth year, 70.02; Altona Life, on its whole business for 1884, 105.63; and on its Canadian business, 1884, 52.59.

DECLARED INCURABLE.

E. C. McGovern, of Syracuse, N.Y., who is a well-known resident of that place, was declared incurable by his physician, the disease being a complication of blood and liver complaint. In two days he found relief in Burdock Blood Purifiers, and in one month he entirely recovered.

FIVE YEARS OF TORTURE.

Mrs. Berkinshaw, 25 Pembroke St. Toronto, cured of a bad lameness of this knee joint, upon which the surgeons were about to operate. Other treatment had been tried in vain. Hagar's Yellow Oil was the remedy used.

Married.

Presents to the Canadian Insuring Public the following claims for support:—

- 1 It is a Home Company. 2 It offers security not exceeded by that of any other Company having \$100 of assets for each \$100 of liabilities. 3 It insures upon the with profit plan its policy holders receive all the profits in that branch, and the Act of Incorporation expressly frees them from any liability other than the voluntary payment of premiums. 4 It does not give from each profit 10 or 20 per cent. thereof to stockholders, in addition to reasonable interest, as is usually done by Companies having a large capital stock. 5 Its policies are printed in clear, large type, in plain, simple language, and are as liberal in their conditions as it is possible to have them, consistent with safety and equity to the policy holders generally. (Otherwise the following points, viz: (a) The Policies are indisputable after three years from date of issue, and provide a solid benefit for one's dependents, and not a lawsuit. (b) Travel without permit in any part of the world will not invalidate the Policy. (c) Surrender values are allowed after the Policy has been in force three years, either by Paid Up Policies or in Cash, and loans are made on ordinary Policies after they have been in force three years. (d) The age of the insured will be admitted at any time by the Company on reasonable proof, but if not so admitted, any error in the age will not invalidate the Policy.

STEEL ENGRAVINGS, ETC.

If you cannot afford to buy original paintings of real merit, as but few in Canada can, take our advice and secure facsimiles of them in STEEL ENGRAVINGS, PHOTOGRAVURES, ARTOTYPES, Etc., Framed in Latest Styles. You had better not touch the trashy oil paintings in Dutch metal frames generally sold at auction, unless you really want to be deceived.

Head Office, Toronto.

Incorporated by Special Act of the Parliament of Canada, 1864.

Guarantee Fund, \$100,000. Deposited with Dominion Government, \$50,000, for the Security of Policy-holders.

HON. GEO. W. ROSS, Minister of Education, President. HON. S. H. BLAKE, Q.C., Vice-President. ROBERT McLEAN, Esq.,

This Company has been formed by prominent temperance and business men on the basis of the United Kingdom Temperance and General Provident Institution of Britain, which is one of the most successful of British companies. We are now prepared to receive applications for Assurance and grant policies. This is the only Canadian Company that in any way secures to abstainers the full benefit of their superior lives. The experience of the "United Kingdom Temperance and General Provident Institution" for the last eighteen years is over 30 per cent. in favor of Total Abstainers. The manager of the Whittington Life Assurance Company of England says:—"Three years ago I stated that the death rate in the Temperance Section had in three years been 23 per 1,000 against 50 per 1,000 in the General Section. For the last three years it has been a little more favorable, being 22 per 1,000 in the Temperance Section and 51 per 1,000 in the General." The manager of the Sceptre Life Assurance Company of Great Britain calls attention to the fact that for the past ten years the deaths in the Total Abstinence branch of the Company amounted to only forty-five per cent. of the number anticipated.
