WHAT IS

ROBSON'S HAIR RESTORER

It is a most valuable preparation, restoring to gray hair its natural color, making it soft and glossy and giving it an incomparable lustre. ROBSON'S HAIR RESTORER is far superior to ordinary hair dyes, for it does not stain the skin and is most easily applied. One of its most remarkable qualities is the property it possesses of preventing the falling out of the hair, promoting its growth and preserving its vitality. Numerous and very flattering testimonials from well known PHYSICIANS and other citizens of good standing testify to the marvelous efficacy of ROBSON'S HAIR RESTORER. Lack of space allows us to reproduce only the two following:

Testimony of Dr. D. Marsolais, Lavaltrie.

I have used several bottles of Robson's Hair Restorer, and I cannot do otherwise than highly praise the merits of this excellent preparation. Owing to its use, the hair preserves its original color and in addition acquires an incomparable pliancy and lustre. What pleases me most in this Restorer is a smooth, oleaginous substance, eminently calculated to impart nourishment to the hair, preserve its vigor, and stimulate its growth, a substance which replaces the water used by the manufacturers of the greater part of the Restorers of the day from an economical point of view. This is a proof that the manufacturer of Robson's Restorer is above all anxious to produce an article of real value, regardless of the expense necessary to attain this end. It is with pleasure that I recommend Robson's Restorer in preference to all other preparations of that nature.

D. MARSO LAIS, M. D.

Lavaltrie, December 26th, 1892.

Testimony of Dr. G. Desrosiers, St. Félix de Valois.

I know several persons who have for some years used Robson's Hair Restorer and are very well satisfied with this preparation, which preserves the original color of the hair, as it was in youth, makes it surpassingly soft and glossy, and stimulates at the same time its growth. Knowing the principle ingredients of Robson's Restorer, I understand perfectly why this preparation is so superior to other similar preparations. In fact the substance to which I allude is known to exercise in a high degree an emollient and softening influence on the hair. It is also highly nutritive for the hair, adapted to promote its growth, and to greatly prolong its vitality. I therefore confidently recommend the use of Robson's Hair Restorer to those persons whose hair is prematurely gray and who wish to remove this sign of approaching old age.
