**Helping  
the  
Operator**

We suggest that subscribers practise the following :—

1. Always consult our latest directory, because numbers are frequently changed.
2. In a moderate tone, speak slowly and distinctly directly into the mouthpiece with your lips not more than an inch away.
3. Answer promptly when your bell rings. It saves "Central" ringing again; saves the calling party's time, and speeds up business generally.
4. When you answer give your name or the name of your firm instead of the old-fashioned "Hello," thus allowing the conversation to begin without waste of time.

Co-operation with the operator, as above, cannot but help your service.
