

“SOVEREIGN”

Hot Water Boilers and Radiators

for Houses Large and Small

A “Sovereign” Hot Water Boiler, with an attachment for heating water for domestic purposes, is an economical investment for a nine-room house. It saves the coal that would otherwise have to go into a kitchen range, and it saves the coal that would otherwise go into the grate in the parlor or living room, were the same house heated by warmed air.

*Saves
the
coal*

*Gives
uniform
heat*
