

Major General W. Bethune Lindsay.

-2-

I shall be very glad to say a good word in your behalf if I meet Mr. Hamilton in Montreal. I was sorry that I was unable to do anything regarding the project you had in mind when I saw you last Summer, but the C.P.R. were not at all interested in your suggestion.

I have had a chat with Bovey, who saw you in London, and he tells me that you are looking fit and well.

I hope you find your Mother in good health. I saw her for a few moments last October when I was in Vancouver. Please give our love to her.

With kindest wishes always, I am,

Yours faithfully,
