

EVERYONE IS PLEASED
WITH THE
CLIMAX REFRIGERATOR,
MANUFACTURED BY
BRYCE BROTHERS.

Read this Testimonial from one of the largest provision dealers in Canada:—

"It affords me great pleasure to add my testimony to the great number of testimonials already in your possession in favor of the CLIMAX Refrigerator, and I have no hesitation in pronouncing it the best Refrigerator in the market. The four Refrigerators you have built me, holding from two tons of ice to two hundred and fifty tons each, give entire satisfaction. Having made a special test with one of them, I found fresh pork and cherries well preserved after having been in for the very long period of six weeks in June and July, 1880, and I can cheerfully recommend them to the public.
