York County and Suburbs of Toronto

TEMPERANCE ACT **NOT AN ISSUE**

In Peel County Election-Word From Ottawa to That Effect.

Hon. W. H. Hearst and N. W. Rowell to Take Part in Campaign.

The Canada Temperance Act will not be sugmitted to the electors of the County of Peel this year. Such was the decision of the department of state at Ottawa, word being received to that effect last night by the temperance executive of Brampton. - All preparations for a fight had been made, petitions submitted, and the temperance workers were given to understand that the vote would take place in November. A decision to the contrary has caused a good deal of disappointment.

Licenses Wanted. An application for licenses will be made by the hotelkeepers on May 1, tendance. The chairman said that which will likely be granted, unless a Fire Chief Thompson had told him

Nov. 1.

Liberals Active.

The Liberals are also active. Mr.
N. W. Rowell, leader of the opposition, speaks in the interests of Mr.
Milner at Bolton on the 28th, Cooks, ville 27th and Brampton the 31st.
Meetings have also been arranged at Alton on the 29th and Caledon East on the 30th and Caledon East on the 30th and East on the 30th and Caledon East on the Cale

on the 30th.

Band Concert.

The Territorial Staff Band of the Salvation Aimy will visit here Saturday and Sunday. A concert will be given in the barracks Saturday night and a mass meeting held in the Giffen Theatre on Sunday afternoon.

WANT POLICE FEE SYSTEM ABOLISHED

Special Committee Suggests That Police Commission Be Appointed.

FOR ALL YORK COUNTY

County Judge, Warden and High Constable Should Be Responsible.

General dissatisfaction with the present police system in York County was expressed by all members of the pecial police committee which met in the York County building yester-

day.

There was a warm discussion, and the fee system of paying constables, was scored as being wrong in practice and principle A recommendation was finally adopted which suggested that special legislation be obtained by the council to permit the appointment of a commission.

the County of York.

What About Those Who Don't Have Autos-Lonely Working Girls.

"What can the property commissioner tory is not needed at the corner of St. Clair and Dufferin?" said a St. Clair avenue storekeeper to The World last night. "If I had my way. I'd have it made a rule that heads of departments in the city must make a comple spection of the city every month, spection of the city every month, to to keep in touch with its growth, and the St. Glair district is not the only place where accommodation of that kind being is required. Hundreds of layatories and W. are needed all over the city, especially ice so many saloens have been put out of business in outlying sections. Visitors to the city are positively appalled at Toronto's backwardness in

his respect."
"As for police protection, I have come avenue were needed in the district.

After much discussion it was decided to hold a special meeting to discuss the question of the street rail- way purchase.

As for police protection, I have come off the cars at all hours, even after midnight, and have not seen a police-man anywhere at night since I came in phere. I for one would willingly pay way purchase. nore policemen patrolling this section.

Anyone who had read the newspapers attentively during the past two or three weeks must admit the necessity for some improvement in this direction. It's all right, of course, for those who go home in automobiles home in automobiles at night, but what about the lonely working girl, or office cleaner, who has to get home to some distant suburban street at a late hour?"

Fine Concert.

There was an excellent concert in

Boon Avenue Hall last night, under the auspices of the Canadian Order of the Woodmen of the World, Camp 297. Twelve artists contributed to the program, and Organizer Black gave an interesting address on the purpose and scope of the organization. There are forty members in the Earlscourt Camp.

WATCH PORT WELLER G

IS THE SLOGAN RESOUNDING THROUGH THE NIAGARA PENIKSULA

PORT WELLER is the new harbor being built by the Dominion Government at the new Lake Ontario entrance to the New Welland Ship Canal.

Three and one-half million dollars are being spent on Port Weller Harbor alone. Over fifty-five million are being spent on the new canal.

Think of it! Nearly three times the amount being spent by Toronto on its entire Boulevard and Ashbridge's Bay improvement scheme.

Probably no work of such great national importance has ever been undertaken by the Canadian Government. The eyes of all Canada are centred at present on the Welland Canal in general, and on Port Weller in particular. Born only a month ago, Port Weller already has engineers and workmen with barges and dredges commencing operations. It already boasts the Government offices for the supervision of construction work, and it already has street railway and railroad facilities. Not so bad for one month's growth!

Just as sure as daylight follows darkness, is a great town about to be built. Backed by the Government expenditure of millions---located in the heart of the cheapest electric power zone on the continent---surrounded by unequaled railroad facilities, and with a harbor being built which will without any question be the finest artificial inland harbor in Canada, with nearly three miles of factory sites for the numerous industries and factories which are sure to come, surely there never was or never can be a new town start out under more encouraging auspices.

The growth of Port Weller to a promising young city in a few years is as certain as anything in this world can be. Hence it follows that the purchaser of Port Weller Original Townsite lots at the opening prices of from \$6 PER FOOT UP, and on easy terms of \$10.00 down and \$5.00 per month, is certain of an enormous profit on his investment.

ONE HUNDRED PER CENT.

up to 1000 per cent. will no doubt be made by the lucky original buyer. It is only two weeks since Port Weller Townsite lots were first offered to the public, and the demand has been so great that every original townsite lot will soon be sold.

O of the most significant things about the applications received is the fact that most of the lots sold to date have gone to people living within five miles of Port Weller, and to engineers engaged in constructing the new Harbor and Canal.

place which promises to become a city over night, at \$6.00 to \$10.00 per foot only occurs once in a lifetime.
