"NO NATION EVER GREAT THRU AGRICULTURE ALONE"

T. H. Race and J. Lockie Wils on Tell Convention in Stratford What the Farmers' Pressing Needs Are—More Specialization in Growing of Grain and More Co-Operation.

(Special to The Toronto World) STRATFORD, Jan. 24.—Representatives from forty-one agricultural societies in Perth, Huron, Middlesex and Elgin Counties held a district meeting in the court house this afternoon. An official welcome was given by Mayor J. Stevenson. To specialize in the variety of grains they use, to co-operate for the welfare of all the farming community and to be absolutely honest in all their dealings were the words of advice given to the farmers by T. H. Race of Mitchell and J. Lockie Wilson of Toronto. Praise Government Judges. W. A. McKenzie of Mitchell, in his opening address, told of a fine state of progress on the part of all the societies. Field competitions were not exciting the interest they should, but this would improve as the farmers grow to realize their benefits. He thought that larger crowds could be drawn to the fall fairs if the directors would give a reasonable amount of money to give better seating accommodation at the right side. "Government judges," he said, "have given splendid satisfaction in every place they have gone."

MORE CHICKEN THEFTS Analysis of City Water From Filters and Taps Shows Good Results.

(Special to The Toronto World) CHATHAM, Jan. 25.—(Special.)—The third time in five weeks, chicken thieves entered the premises of Orville Dunlop, in Chatham Township, and stole twenty chickens. This makes about twenty chickens that Mr. Dunlop has had stolen in that time. Several other places in the township have been visited of late by chicken thieves, and the authorities are unable to locate the marauders. Epidemic of Tonsillitis. About ten per cent of the school children of Chatham are out of school as a result of an epidemic of colds and tonsillitis, according to the trust officer, R. S. Dunlop. A large shipment of furs was made by Nelson Stringer to the United States Saturday, about fifteen hundred skins, including mink, skunk, white weasel, etc. The season has been open for trapping, and the hunters have secured fairly good lots. The market, however, is weak on some lines, especially muskrat. In the report on the samples of water recently sent by Dr. Hall, M.O.H., to the laboratory at Toronto for analysis, both specimens of water taken from the river and from the sediment basin showed infection with bacteria of intestinal origin. The water taken from the filters and the tap at the pumping

HEAVY GRAIN YEAR AT PORT COLBORNE ELEVATOR

More Than Nine Million Bushels Ahead of Previous Season—Capacity Being Doubled. (Special to The Toronto World) WELLAND, Jan. 25.—That the government elevator at Port Colborne holds the premier position on the lower lakes in Canada is seen from a statement just issued by Superintendent W. F. Fawcett. During 1913 the elevator handled more grain than any other Canadian elevator, and was exceeded by only one of the thirteen in Buffalo. The net earnings were \$53,047, or very nearly double those of 1912. Last year the grain received was 21,441,826 bushels, an increase of 9,839,310 over 1912. On the opening of navigation the new unit of the government elevator will be ready for use, which will more than double its present capacity.

WARM CAMPAIGN IS WAGED IN WELLAND

Coming C. T. A. Vote Eclipses All Interest Since Reciprocity Issue. (Special to The Toronto World) WELLAND, Jan. 25.—With the approach of the day of voting on the Canada Temperance Act in this county next Thursday, the campaign is increasing in warmth. Not since the reciprocity election in 1911 has an issue arisen that has aroused public interest such as the present measure, and a record vote is anticipated. The moral reform league has arrayed against it the business men and manufacturers' association. Public meetings are being addressed on behalf of the act by Ben H. Spence, F. S. Spence, Toronto, and Joseph Gibson, Ingersoll. The principal speakers are being addressed by Homer Durand of Cleveland, C. A. Windle, editor of the Iconoclast, Chicago, and Rev. C. A. Macintosh, rector of the Anglican Church, Fort Erie. The argument that three local option townships will be brought under the Scott Act admittedly inferior to local option is having great weight. While the campaign waged by the temperance people is the most strenuous ever fought the issue is looked-upon with grave doubt.

It was decided to hold the regular spring horse show in the winter fair building, the dates set being April 14 and 15.
