Its business may be defined as of the merchants, by the merchants, for the merchants. In procuring, verifying and promulgating information, no effort is spared, and no reasonable expense considered too great, that the results may justify its claim as an authority on all matters affecting commercial affairs and mercantile credit. THE GORDON HOLLOW BLAST GRATE

It makes two boilers do the work of three.
 It runs a mill with wet, green or frozen sawdust or other refuse.
 It outlasts from three to five sets of draft grates.
 Its durability is such that in the end it is the cheapest grate made, in addition to which it frequently pays for itself every thirty days by reason of its wonderful efficiency in promoting combustion.

It is sold on approval, thirty days being given in which to thoroughly test it. If unsatisfactory, it may be returned at our expense.
 The blacksmith could not get along without his forge, nor could the founder melt his iron without a blast. In like manner, the user of the Gordon Hollow Blast Grate soon finds it indispensable. It has helped others; why not you?
 In writing for prices, give number of boilers, width of furnaces or ovens and length of grates.
