# **AVERAGE WHEAT CROP MAY** BE HARVESTED IN MANITOBA

W. J. Whiteside of the Canadian bushels to the acre. So, the govern-Northern Railway staff, who is in the ment officers feel confident in placing Northern Railway staff, who is in the west to report on the crop outlook, and who has already sent reports on the situation in Alberta and Saskatchewan, summarizes conditions in Manitoba as follows:

The crops in Manitoba seem to have suffered the least of the three of more than 140,000,000 bushels.

The labor problem of the placing the totals expected in barley at around thirty million bushels. When the three grains are totalled therefore, Manitoba should have, in the event of present weather, or something like it, continuing, a total crop of more than 140,000,000 bushels.

have suffered the least of the three prairie provinces from the vagaries of climate. While in the early weeks high hot winds swept large areas, and damaged possibly seven per cent. of the entire seeded acreage, it is declared in government offices here that acreage has not been lost by any operations, requirements should be means, and to set against this there met. Later on, for threshing operawas a considerably increased acreage tions, there would, of course, be a seeded, and the damage from frost greater need, but it is not anticipated was negligible. Accordingly the offithat the total help required should cial expectation here is for an averexceed five thousand men. Manitoba age production, while there are de-clared to be indications that if the help, and feels reasonably confident, prevailing favorable weather conhaving in view all the conditions tinues, the total yield might exceed she will not look in vain.

the average. The latest government crop estimates show an acreage seeded Winnipeg, Aug. 16.—Manitoba will produce 47,124,000 bushels of wheat wheat within the province slightly in excess of three million one hundred ousand. The average yield in wheat this year on a conservative estimate, Manitoba for the last ten years is according to J. A. Bowman, superinthousand. The average yield in wheat tendent of immigration and coloniza-17.5 bushels to the acre. Let this be reduced to 15 bushels for the more tion for the province.
than three million acres declared to In an interview today he said that than three million acres declared to have been sown, and the result should the average yield would be 18 bushels in the vicinity of 45,000,000 per acre at least. The total acreage is 2,618,000, and on the 18 bushels bushels. This, of course, does not take into consideration a possible estimate the result is as stated. It loss in acreage on account of wind, will probably come close to a 50,-000,000 total, as Mr. Bowman but it is felt that the paring of two and a half bushels off the average that 18 bushels per acre is the lowest for the last ten years will provide yield in sight. against any loss in the total on that WHEAT CUTTING IN ALBERTA.

Oats and Barley Fair. There were seeded to oats in Manitoba this year, as closely as may be now fairly general thruout the profigured now, 1,930,000 acres. The vince. The binder started to work verage in oats for the decade (1907- about a week ago, and can now be 1916), is 38.3 bushels to the acre. If seen in every direction. Around this be reduced two bushels, and the Maple Creek a few farmers started result be taken roughly as thirty-five, cutting on the first of August, and in the approximate yield should be 67,- the vicinity of Lemsford and Lancer 500,000 bushels. The acreage sown cutting started on Saturday, and in to barley is estimated as being 1.- other districts where the crops were 193,000. In this cereal the average not quite as far advanced, reaping weld for ten years has been 27.1 started the middle of this week.

ate future, at least for this class of cat-tie, is most reassuring.

The lamb market, and its sharp ad-

the extra choice and heavy steers, suitable for export trade.

The total receipts on Monday were in the neighborhood of 3000 head-of cattle, with the quanty of outcners and heavy steers fair to good, and about the usual percentage of medium to common stuff. It did not take long on Monday to clear up the good, heavy steers, the advent of a local commission house into the field as ouyers for P. Burns & Co. of Calgary giving added zest to the market for the choice, heavy steers.

Good to choice butcher heiters and steers met with a good demand, while the common to medium grades about held their own.

On Tuesday and Wednesday there were moderate runs, and the good stuff, comolning weight and quality, met a firm market, and the outlook for the immediate future, at least for this class of cattle is most reassuring.

vance to new high levels on the Toronto market, has been one of the features of the week. No such prices have ever ob-tained on the local market before as

no insurance now obtains, renders the shipping of hogs at this season of the year a hazardous business, and the life of the drover is not all sunshine. Delay on the part of the railway companies in placing the live stock on the sidings at the stock yards is held to be largely responsible for much of the loss at this time. Whatever else is delayed in transit, it seems reasonable to suppose that the railway companies ought to guard especially the live stock interests at a time like the present.

EAST BUFFALO LIVE STOCK. East Buffalo, Aug. 16.—Cattle—Receipts, 500. Steady to strong.
